# Heavy Duty Guided Decapper Safety Instructions

## Introduction

Thank you for choosing the Heavy Duty Guided Decapper by Lee Precision. This guide provides essential safety instructions and guidelines for the safe use of the decapper. Please read this document thoroughly to ensure safe handling and operation of the product.

## General Safety Guidelines

- Always use the Heavy Duty Guided Decapper in accordance with the manufacturer's instructions.
- Ensure that the workspace is clean and free of obstructions before use.
- Use protective eyewear when operating the decapper to prevent eye injuries from potential debris.
- Keep the decapper and all tools out of reach of children and vulnerable individuals.
- Regularly inspect the decapper for any signs of wear or damage before use.
- If you notice any issues, do not use the decapper and contact the manufacturer for assistance.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure that the decapper rod is compatible with the Lee Decapping Die 749001565 (90292).
- Use the decapper only with case mouth diameters of .334 inches or larger.
- Align the case properly to reduce the risk of bending or breaking the decapper.
- Avoid using excessive force when operating the decapper to prevent damage.
- Do not attempt to modify the decapper or use it for purposes other than those specified.
- Keep hands and other body parts clear of moving components during operation.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the decapper is clean and free from debris before installation.
- Securely attach the Heavy Duty Guided Decapper rod to the Lee Decapping Die 749001565 (90292) according to the manufacturer's instructions.
- Verify that the rod is firmly in place and properly aligned.

### 2. Usage:

- Place the case to be decapped in the appropriate position.
- Gently lower the decapper onto the case, ensuring proper alignment.
- Apply even pressure to decap the case without excessive force.
- After decapping, remove the case and inspect it for any damage.
- Store the decapper in a safe place when not in use.

## Disposal Instructions

- Dispose of the Heavy Duty Guided Decapper according to local regulations.
- Do not dispose of the decapper in regular household waste if it is damaged or no longer functional.
- Recycle materials where possible, following local recycling guidelines.

## Contact Information for Further Support

For any inquiries regarding the Heavy Duty Guided Decapper or safety concerns, please reach out to the

manufacturer directly. Ensure you have the product details available for reference.

By following these safety instructions and guidelines, you can ensure a safe and effective experience with the Heavy Duty Guided Decapper. Thank you for prioritizing safety in your use of this product.
