

CINCH-LR POLYMER BINOCULAR ADAPTER - REALLY RIGHT STUFF

CINCH-LR POLYMER BINO ADAPTER

[Optics & Mounting](#) > [Binoculars & Accessories](#) > [Binocular Accessories](#)

A Quick-Detach Adapter for Your Binoculars

Don't waste time dismounting your binos or monoculars from that tripod anymore. This Cinch-LR Polymer Binocular Adapter from Really Right Stuff makes it easy to quickly release your binoculars quickly and easily, and the adapter even fits in most chest harnesses included with field binoculars. Each Really Right Stuff Cinch-LR Polymer Binocular Adapter is molded from glass-filled nylon and features a molded-in dovetail at the adapter base, which means it'll fit the ball heads on most tripods on the market. If your tripod uses something other than the standard RRS or Manfrotto RC2 dovetail, then RRS includes a 1/4"-20 mounting socket that allows you to mount it to any system you want. It can be used perpendicular or parallel to the plan of the optic. This Really Right Stuff Cinch-LR Polymer Binocular Adapter also features a removable strap that can be reversed, so you can choose to have the excess strap hang outside or following the optical housing. The adapter will fit all binoculars or monoculars with a housing diameter ranging between 1.77-2.56 inches.

CINCHLR Polymer Binocular Adapter Safety Instructions

Introduction

Thank you for choosing the CINCHLR Polymer Binocular Adapter from Really Right Stuff. This adapter is designed to enhance your binocular or monocular experience by providing a secure and convenient mounting solution. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that the adapter is compatible with your binoculars or monoculars before use.
- Inspect the adapter for any signs of damage or wear before each use.
- Use the adapter only for its intended purpose as described in this guide.
- Keep the adapter and any small parts out of reach of children to prevent choking hazards.
- Report any unsafe products or accidents to the appropriate authorities and check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not exceed the weight limit of the adapter. Ensure that the combined weight of your binoculars or monoculars does not exceed the manufacturer's specifications.
- Avoid using the adapter in extreme weather conditions that could affect its performance, such as heavy rain, snow, or extreme heat.
- When attaching or detaching the binoculars, make sure to do so in a safe environment to prevent dropping or damaging the equipment.
- Always ensure that the adapter is securely mounted to the tripod before use to prevent accidents.

Instructions for Installation and Usage

1. Installation

- Remove the adapter from its packaging and inspect it for any visible damage.
- If your tripod uses the standard RRS or Manfrotto RC2 dovetail, simply slide the adapter onto the ball head until it locks into place.
- If your tripod uses a different mounting system, use the included 1/4"20 mounting socket to attach the adapter securely.
- Ensure that the adapter is mounted perpendicular or parallel to the optic plane as needed.

2. Usage

- Align the binoculars or monoculars with the adapter's mounting plate.
- Securely attach the binoculars or monoculars to the adapter by following the manufacturer's instructions.
- Adjust the removable strap if necessary, ensuring it is either hanging outside or following the optical housing as per your preference.
- Make sure the housing diameter of your binoculars or monoculars falls within the range of 1.772.56 inches for a proper fit.

3. After Use

- Detach the binoculars or monoculars from the adapter after use and store them in a safe location.

- Clean the adapter with a soft cloth to remove any dirt or debris.
- Store the adapter in a cool, dry place away from direct sunlight.

Disposal Instructions

- Dispose of the adapter and its packaging materials in accordance with local waste management regulations.
- Do not dispose of the adapter in regular household waste if it contains any electronic components. Instead, take it to a designated electronic waste recycling facility.

Contact Information for Further Support

For any inquiries regarding the safety or performance of the CINCHLR Polymer Binocular Adapter, please refer to the manufacturer's contact information included in the product packaging or visit the manufacturer's website for further assistance.

Thank you for your attention to these safety instructions. Enjoy your experience with the CINCHLR Polymer Binocular Adapter!
