

REIN WEAPONLIGHT - CLOUD DEFENSIVE REIN LIGHT STANDARD KIT, BLACK

[Shooting Accessories](#) > [Flashlights & Accessories](#) > [Weapon Lights](#)

Cloud Defensive is a company that continues to push the design envelope and the REIN weapons light does just that. The REIN represents a quantum leap forward in both performance and critical features that shooters need and rely on. Putting out well over 60,000 Candela at 1,400 lumens, it's the most powerful weapon light on the market. Available in multiple sizes and multiple configurations, it's adaptable to your needs. And it's made here in the USA by Cloud Defensive in southern Indiana. The REIN is available in two color options, Black and FDE, and in two different kit configurations, the Standard Kit and the Complete Kit. Standard Kit - push-button only 1 REIN 1 Push-Button tail cap 1 Picatinny Rail Mount for the REIN, with all mounting hardware 1 Cloud Defensive labeled Nitecore Charger 1 Micro USB to USB cord 1 Samsung 30Q 18650 battery Complete Kit - includes remote switch 1 REIN 1 Remote switch tail cap assembly with integrated push button 2 LCS side plates with hardware 1 Picatinny Rail Mount for the REIN, with all mounting hardware 1 Cloud Defensive labeled Nitecore Charger 1 Micro USB to USB cord 1 Samsung 30Q 18650 battery And now for all those fun specs:

COMPATIBILITY REIN is fully compatible with any platform that allows for traditional picatinny, M-LOK (trademark) or KeyMod light mounts. The optional remote switch for the REIN is only compatible with the REIN itself. No reverse compatibility for other light manufactures exists. MATERIALS Precision machined from Certified 6061-T6 aluminum. Type III Anodized to MIL STD. "Hard coat". POWER A USA-made, state-of-the-art electrical system using the best components that money can buy. Uses a single 18650 battery. No CR123 batteries allowed. Use of CR123 batteries VOIDS your warranty. We supply a Samsung 18650 30Q with the REIN. The 30Q battery has more output with shorter run-time of 85-90 minutes. Accepts ALL protected and unprotected 18650 batteries. Accepts both button-top and flat-top batteries. NOTE: Various battery sizes will require use of the provided Battery Jack feature. Run-time at 100% power is industry leading. FEATURES Modular 3-piece design makes the REIN upgradeable over time. Exceeds well over 60,000 Candela. 1,400 Lumens of output. IPX-8 waterproof rating. Fully submersible to 100 ft for 24 hours. Remote switch included. Run-time standard per ANSI/PLATO-FL1 = 130 minutes. The amount of time until the light reaches 10% of its original output. Proprietary Field-Serviceable Lens System. The end-user can now replace the glass lens themselves. The glass on the REIN is 3mm thick, which is the thickest in the industry. It can take multiple hits from 5.56mm Simuntion rounds. S7 Tool Steel bezel ring. Heat-treated to 53 Rockwell. Your light is now an impact tool. Patented Battery Jack feature. This allows you to properly tension the battery inside the system to avoid battery bounce. This lengthens the life of your system and increased reliability substantially. Patented tail-cap cartridge is easily replaceable and allows for multiple configurations without removing the tail of the light. REIN comes standard with a push-button-only configuration. Located in the tail cap, the switch offers both momentary-on and constant-on capability. Patented remote switch (optional). Offers both momentary and constant-on functionality. The remote switch is electrically isolated from the push-button switch located on the tail cap. If your remote switch suffers catastrophic failure, your REIN still works via the tail cap button. The optional remoted switch is housed in a 3rd Generation Light Control System. Available only for the REIN. It offers unprecedented cable

management possibilities never before available even with prior generation LCS units. The remote switch is fully submersible and fully potted. The optional remote switch utilizes a cable exit from the tail cap that is perpendicular to the bore axis. This allows your cable to be protected from potential snags and impact. The optional remote switch wire is over-molded into the tail cap cartridge. And the tail cap body allows for the user to adjust the position of the tail cap based on user requirement or preference. The optional remote switch cable is 5" long. Shockproof. Dustproof. Lifetime Warranty - with only a few exceptions. Remote switches are considered replaceable items not warranty items. Made in the USA. Manufactured and assembled in-house at the Cloud Defensive production facility. DIMENSIONS CANDELA 60,000 LUMENS 1,400 LENGTH 6.14" WEIGHT without battery 5.3 oz. WEIGHT with battery 6.9 oz. BATTERY 18650

Attributes

- Name: [CLOUD DEFENSIVE REIN LIGHT STANDARD KIT, BLACK](#)
- Manufacturer: [CLOUD DEFENSIVE](#)
- Product no.: 100042384
- Mfr. No.: REINSKBLK
- Battery: 18650
- Lumens: 1400
- Style: Weapon Mounted
- UPC: 850016201621

Item details

Made in USA

This product contains a battery.

Safety Instruction Guide for REIN Weaponlight Cloud Defensive REIN Light Standard Kit, Black

Introduction

Thank you for choosing the Cloud Defensive REIN Weaponlight. This guide provides essential safety instructions and important information regarding the safe use, installation, and disposal of your new weapon light. Please read this document carefully to ensure safe and effective operation.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as a weaponmounted light.
- Always keep the weapon light out of reach of children and vulnerable individuals.
- Do not use the product if it appears damaged or malfunctioning.
- Avoid exposing the weapon light to extreme temperatures, moisture, or corrosive substances.
- Regularly inspect the product for any signs of wear or damage.
- Follow all local laws and regulations regarding the use of weapon lights.

Specific Safety Precautions for Use

- **Battery Safety:**

- Use only the recommended Samsung 18650 30Q battery.
- Do not use CR123 batteries as this will void the warranty and may cause damage.
- Ensure the battery is inserted correctly to avoid malfunction.
- Do not expose the battery to high temperatures or fire.

- **Operational Safety:**

- Always ensure the weapon is pointed in a safe direction when using the light.
- Be cautious of the light's output; it exceeds 60,000 Candela and 1,400 Lumens, which can cause temporary blindness if pointed at eyes.
- Do not look directly into the light while it is on.

- **Installation Safety:**

- Ensure the Picatinny Rail Mount is securely attached before use.
- Follow the installation instructions carefully to avoid improper mounting.

Instructions for Installation and Usage

Installation

1. Mounting the REIN:

- Locate the Picatinny Rail on your weapon.
- Align the REIN's mount with the rail.
- Secure the REIN using the provided mounting hardware.
- Ensure that the light is firmly attached and does not move.

2. Battery Installation:

- Unscrew the tail cap of the REIN.

- Insert the Samsung 18650 30Q battery, ensuring the positive terminal aligns with the positive contact in the light.
- Replace the tail cap and ensure it is tightened securely.

Usage

- **Turning On/Off:**

- To turn on the light, press the pushbutton switch located on the tail cap.
- For momentary activation, press and hold the switch. Release to turn off.
- For constant on, press the switch fully until it clicks.

- **Using the Remote Switch (if applicable):**

- Attach the remote switch to the designated port on the REIN.
- Use the remote switch for momentary or constant on functionality as desired.

- **Submersion:**

- The REIN is rated IPX8, allowing it to be fully submerged in water up to 100 ft for 24 hours. Ensure all connections are secure before submersion.

Disposal Instructions

- Dispose of the REIN Weaponlight and its components in accordance with local regulations.
- Do not dispose of batteries in regular trash. Follow local guidelines for battery recycling.
- If the product is no longer functional, consider returning it to the manufacturer for recycling or safe disposal.

Contact Information for Further Support

For any inquiries or concerns about the REIN Weaponlight, please refer to the manufacturer's website or customer service for assistance.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy using your Cloud Defensive REIN Weaponlight responsibly!
