

FAST MICRO MOUNT FOR AIMPOINT MICRO SIGHTS - UNITY

TACTICAL FAST MICRO MOUNT FOR AIMPOINT FDE

[Optics & Mounting](#) > [Electronic Sight](#)s > [Mounting Hardware](#)

The FAST™ Micro mount features built-in standard height back up iron sights that keep weapons uncluttered, without reducing capability. Both front and rear BUIS are completely adjustable for windage and elevation. The front sight post can be removed so that the rear BUIS aperture can be used with a traditional front sight such as their FUSION fixed or folding sights (if present), creating a more conventional sight radius. However, the built in front/rear BUIS is perfect for backup on super short PDW/SMG platforms where rail space is critical for mounting lights and lasers. Designed for Aimpoint® Micro (H1, H2, T1, T2, CompM5) and other optics with Aimpoint® Micro footprint, such as those found on many Sig Sauer®, Holosun™, Primary Arms®, and Vortex Optics® platforms. NOTE: DOES NOT FIT AIMPOINT® COMP M5S OR M5B. It comes standard with a two cross bolt rail clamp or can be retrofitted with the FAST™ QD (Quick Detach) Lever. FAST™ is a series of optic mounting solutions that provides end users with a quicker sight picture than standard height mounts. FAST™ mounts position most optics at a 2.26" optical centerline from the rail, which allows for more rapid visual processing of the battlefield by ensuring an ergonomically correct heads-up posture. Further, they provide faster and easier dot/reticle acquisition while wearing night vision goggles, protective masks, plate carriers and other gear. SPECS: HEIGHT: 2.26" to Optical Centerline COMPATIBILITY: Aimpoint® Micro (H1, H2, T1, T2, CompM5), Vortex® Optics Crossfire, Sig Sauer® Romeo4T, Holosun™ 503 INTERFACE: Micro Footprint BUIS: Fully Adjustable Front / Rear MOUNT TYPE: 2 Cross Bolt Rail Clamp FAST™ QD Lever Compatible (Sold Separately) DIMENSIONS (W X L X H): IN: < 1.4 X 2.2 X 2.1 CM: < 3.6 X 5.6 X 5.3 WEIGHT: OZ: <3.5 GRAMS: <99.2 MATERIAL: 7075-T6 Aluminum COATING: Type III Hardcoat Anodized *NOTE* "FDE" is used throughout Unity's catalog to reference a spectrum of colors that include tan, brown, bronze, earth, and everything in between. Due to the chemical process that takes place during Type III Hardcoat, the final finish can vary from part to part (even parts done in the same batch). Therefore, your "FDE" product may vary from other parts from UNITY and other companies, and may vary from the photos shown online.

Attributes

- Name: [UNITY TACTICAL FAST MICRO MOUNT FOR AIMPOINT FDE](#)
- Manufacturer: [UNITY TACTICAL](#)
- Product no.: 100043327
- Mfr. No.: FST-MICF
- Colour: Flat Dark Earth
- Fits / Used For: Aimpoint Micro T2,Aimpoint Micro H1,Aimpoint Micro T1,Aimpoint Micro Comp5,Aimpoint Micro H2
- Height: 2.26"
- Weight: 0.2 lbs
- Delivery weight: 0.145kg
- Shipping height: 64mm
- Shipping width: 89mm
- Shipping length: 13mm

- UPC: 810007880020

Safety Instruction Guide for FAST Micro Mount for Aimpoint Micro Sights

Introduction

Thank you for choosing the FAST Micro Mount for Aimpoint Micro Sights by Unity Tactical. This guide provides essential safety instructions to ensure the safe use and installation of your product. Please read this document carefully to understand how to use your mount safely and effectively.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the FAST Micro Mount by following all instructions and guidelines provided. This product is designed for use with Aimpoint Micro optics and similar devices.
- **Enhanced Recalls:** Stay informed about any potential recalls. If you receive a recall notice, follow the instructions provided for returning or replacing the product.
- **Online Shopping:** If purchased online, ensure that the retailer complies with EU safety standards. Verify that the product is genuine and meets safety requirements.
- **Special Consumer Focus:** This product is not intended for use by children. Ensure that it is stored in a safe place out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the product packaging or retailer for information on how to contact Unity Tactical within the EU.
- **Rapid Alerts:** Regularly check the EU Safety Gate platform for updates on product safety and recalls.

Specific Safety Precautions for Use

- **Compatibility:** Ensure that your FAST Micro Mount is compatible with the specific Aimpoint Micro optics you are using (H1, H2, T1, T2, CompM5). This mount does not fit Aimpoint Comp M5S or M5B.
- **Installation:** Follow the installation instructions carefully to avoid improper mounting that could lead to accidents or equipment failure.
- **Adjustments:** Make sure to adjust the back up iron sights (BUIS) correctly for windage and elevation. Improper adjustments may affect accuracy and safety.
- **Maintenance:** Regularly inspect the mount for any signs of wear or damage. Replace any damaged components immediately to ensure safety.
- **Usage Conditions:** Avoid using the mount in extreme conditions that may compromise its integrity or functionality. This includes exposure to excessive moisture, heat, or physical impact.
- **Night Vision Use:** When using the mount with night vision goggles, ensure that the mount does not obstruct your view and that the optics are properly aligned.

Instructions for Installation and Usage

1. Installation:

- Ensure that your weapon is unloaded and pointed in a safe direction before beginning installation.
- Use the provided cross bolt rail clamp to securely attach the FAST Micro Mount to the rail of your weapon.
- Tighten the cross bolts evenly to ensure a secure fit without overtightening, which could damage the rail or mount.
- Adjust the front and rear BUIS as needed for your sighting preferences.

2. Usage:

- Once installed, practice aiming and adjusting your optics to ensure proper alignment and functionality.

- Familiarize yourself with the adjustments for windage and elevation on the BUIS to ensure quick and accurate adjustments in the field.
- Always verify the functionality of the mount and optics before use in a live environment.

Disposal Instructions

- **Disposal of Product:** When disposing of the FAST Micro Mount, ensure that it is done in accordance with local waste management regulations.
- **Material Recycling:** The mount is made of 7075T6 aluminum, which is recyclable. Consider recycling the product at an appropriate facility.
- **Batteries and Other Components:** If your mount includes electronic components, dispose of them according to local regulations for electronic waste.

Contact Information for Further Support

For any inquiries or support regarding the FAST Micro Mount for Aimpoint Micro Sights, please refer to the product packaging or your retailer for the appropriate contact information.

By following these safety instructions, you can help ensure a safe and effective experience with your FAST Micro Mount for Aimpoint Micro Sights. Thank you for your attention to these important guidelines.
