

# AR-15 ANGLED GRIPS W/ CABLE MANAGEMENT FUNCTION - STRIKE INDUSTRIES AR-15 ANGLED GRIP SHORT W/ CABLE MANAGEMENT FUNCTION BLACK

[Rifle Parts](#) > [Grip Parts](#) > [Pistol Grips](#)

The Strike Industries Angled Vertical Grip with Cable Management is engineered like no other grip on the market. The grip angle sits on the handguard at 86 degrees. Patent pending SI cable management function enables you to organize and store excess wire from your weapon light or any other cabled accessories in multiple configurations. Instead of tucking wire anywhere you can and using cable ties or tape to hold it down, the cable management feature will offer you a place to route and/or contain loose wire inside the grip cavity. The side cuts at the top middle of the grip allow for easier pressure switch attachment. Compared to the Short version, the Long version has an added built-in stability feature when you place the L-shaped bottom onto a table edge/corner or as a barricade stop, giving you another way to get back on target faster downrange. The Short version can be mounted in either direction for your own preferred and personal setup and is low-profile form helps to minimize snags. The forward angle provides more of a natural wrist angle and increased rigidity of forearm. Designed with textured palm and finger areas with flat sides for positive handling and easier manipulation of the firearm. Made from durable and lightweight polymer compatible with M-LOK rails, the Strike Industries Angled Vertical Grip with Cable Management (Long) gives the shooter control while handling or firing the weapon, added stability (Long) with table/edge corner or as a barricade stop and an innovative way to ensure total cable management. No messy wires. 86° grip angle Built-in cable management w/ excess wire storage (patent pending) Forward angle provides more of a natural wrist angle and increased rigidity of forearm Side cuts at top of grip for pressure switch cable routing Built-in stability when L-shaped bottom is placed on a table edge/corner or as a barricade stop (Long) Low-profile design to minimize snags (Short) Can be mounted in either direction for preferred setup (Short) Textured palm and finger areas with flat sides for better weapon manipulation control Made from durable and lightweight polymer For M-LOK rails

## Attributes

- Name: [STRIKE INDUSTRIES AR-15 ANGLED GRIP SHORT W/ CABLE MANAGEMENT FUNCTION BLACK](#)
- Manufacturer: [STRIKE INDUSTRIES](#)
- Product no.: 100043592
- Mfr. No.: SI-AR-CMAG-S
- Colour: Black
- Material: Polymer
- Weapon type: AR-15
- Delivery weight: 0.054kg
- Shipping height: 51mm
- Shipping width: 51mm
- Shipping length: 146mm
- UPC: 793811764062

# Safety Instruction Guide for AR15 Angled Grips with Cable Management Function

## Introduction

Thank you for choosing the Strike Industries AR15 Angled Grip with Cable Management Function. This guide provides essential safety instructions and usage guidelines to ensure your safety and the optimal performance of the product. Please read this manual carefully before using the grip.

## General Safety Guidelines

- Ensure that the product is used only as intended and in accordance with the manufacturer's instructions.
- Regularly inspect the grip for any signs of damage or wear. Do not use if damaged.
- Keep the grip and any attached accessories out of reach of children and unauthorized users.
- Always treat your firearm as if it is loaded, even when not in use.
- Use appropriate personal protective equipment (PPE) when handling firearms, including eye and ear protection.
- Be aware of your surroundings and ensure you are in a safe environment when handling firearms.

## Specific Safety Precautions for Use

- The grip is designed for use with AR15 platforms. Ensure compatibility before installation.
- Do not exceed the manufacturer's recommended weight limit for accessories attached to the grip.
- When using the cable management feature, ensure that wires are securely routed to avoid interference with firearm operation.
- Avoid exposing the grip to extreme temperatures or harsh chemicals that may cause damage to the polymer material.
- Always ensure the grip is securely mounted before use to prevent accidents.

## Instructions for Installation and Usage

### 1. Installation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Select the desired mounting position on the handguard.
- Align the grip with the mounting points and secure it using the provided hardware.
- Tighten all screws to the manufacturer's specifications to ensure a secure fit.

### 2. Using the Cable Management Feature

- Identify the excess wire that needs to be managed.
- Route the wire through the designated cable management area within the grip cavity.
- Ensure that the wire is not pinched or damaged when closing the grip.

### 3. Adjusting the Grip Angle

- The grip is designed to be mounted at an 86degree angle. Ensure that this angle is maintained for optimal ergonomics.
- If applicable, adjust the grip position according to personal preference while ensuring stability and safety.

### 4. Routine Maintenance

- Clean the grip regularly with a damp cloth to remove dirt and debris.
- Inspect the grip for any signs of wear or damage. Replace if necessary.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for polymer materials.
- Do not incinerate the grip, as this may release harmful substances.
- If the product is no longer usable, consider recycling where facilities exist.

## Contact Information for Further Support

For any inquiries regarding safety, installation, or product performance, please contact the manufacturer or refer to the product's official website for further assistance.

## Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your Strike Industries AR15 Angled Grip with Cable Management Function. Always prioritize safety and responsible firearm handling.
