

GUNSMITH APRON - ARMAGEDDON GEAR GUNSMITH APRON, MULTICAM

[Gunsmith Tools](#) > [Safety Equipment](#) > [Aprons](#)

A Must-Have Apron That Keeps You Protected While Working on Manly Stuff

Whether you're tinkering with your guns, wrenching on a V8 or doing other manly things, you'll need work gear that keeps you protected while still looking badass. This Armageddon Gear Gunsmith Apron is built for men who build things. It's made from mil-spec 1000D Cordura Nylon, which gives you an incredible level of durability and protection, so you won't have to worry about what's under the apron while you're working. Each Armageddon Gear Gunsmith Apron includes four side pockets, as well as a multi-sectioned chest pocket complete with a hook-and-loop field that accepts patches. Heavy-duty, 2-inch shoulder straps can be adjusted for the perfect fit, ensuring your comfortable while you're protected. Hell, there's even four columns of PALS webbing that allows you to tack on whatever pack or other piece of gear you need right in front of you while you're working. Best of all, this apron is made right here in the USA.

GUNSMITH APRON SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the Armageddon Gear Gunsmith Apron. This apron is designed to provide protection and comfort while you engage in various activities, from gunsmithing to automotive work. To ensure your safety and the longevity of the product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always inspect the apron before use for any signs of damage or wear.
- Ensure that the apron is properly fitted to avoid any entanglement or discomfort during use.
- Use the apron only for its intended purpose, which is to provide protection while working on mechanical tasks.
- Keep the apron away from open flames and sharp objects to prevent damage.
- Store the apron in a dry place when not in use to maintain its quality and durability.
- If you notice any defects or issues with the apron, discontinue use immediately and report the issue.

Specific Safety Precautions for Use

- **Adjustable Straps:** Make sure the shoulder straps are adjusted to fit snugly but comfortably. Loose straps can cause the apron to shift during use.
- **Pockets:** Use the side pockets and chest pocket responsibly. Do not overload them with heavy tools or materials that could cause the apron to become unbalanced.
- **PALS Webbing:** When attaching additional gear to the PALS webbing, ensure that it is securely fastened and does not obstruct your work or movement.
- **Cleaning:** Follow the manufacturer's cleaning instructions to maintain the integrity of the fabric. Avoid harsh chemicals that could damage the material.

Instructions for Installation and Usage

1. Wearing the Apron:

- Place the apron over your head and adjust the shoulder straps to your desired fit.
- Ensure that the apron covers your torso adequately and does not restrict movement.

2. Using the Pockets:

- Utilize the four side pockets for tools and accessories. Ensure that items are securely placed to prevent accidental drops.
- Use the multisectioned chest pocket for smaller items. The hookandloop field allows for easy attachment of patches.

3. Adjusting for Comfort:

- Adjust the shoulder straps to ensure the apron is comfortable. The straps should not dig into your shoulders or neck.

4. Working Safely:

- Always be aware of your surroundings while working. Ensure that there are no hazards that could cause accidents.
- If working with tools, ensure they are properly stored in the pockets when not in use.

Disposal Instructions

- When the apron reaches the end of its useful life, dispose of it in accordance with local regulations.
- If the apron is damaged beyond repair, consider recycling the fabric if possible to minimize environmental impact.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Armageddon Gear Gunsmith Apron, please refer to the manufacturer's contact point as specified in the product packaging or documentation.

By following these safety instructions, you can ensure a safe and effective experience while using the Armageddon Gear Gunsmith Apron. Thank you for your attention to safety, and enjoy your work!
