[Emergency & Survival Gear](#) > [First Aid](#) > [First Aid Supplies](#)

RIGID TQ CASE FOR C-A-T WITH TEK-LOK The Eleven 10® RIGID TQ Case® for the C-A-T® Gen 7 is a hard-sided tourniquet case designed to give you easy access to your tourniquet when seconds matter. It can be worn on your duty belt, MOLLE/PALS compatible vest, or in the accessory position on your Safariland® drop leg holster. The RIGID TQ Case® holds your tourniquet securely in place utilizing friction, so there's no straps, buckles or flaps to deal with. It offers true one-handed gross motor skills deployment of the tourniquet even when your hands are bloody or wet. Just grab the exposed portion of the tourniquet and with a swift pull, it releases. The injection molded RIGID TQ Case® offers numerous mounting options and ride adjustment. It's compatible with Blade-Tech, Safariland®, and Tactical Tailor mounting solutions. Many of the mounting solutions can be mounted in the vertical or horizontal positions. Features: Keeps your tourniquet close at hand for rapid deployment Holds the C-A-T® Tourniquet (Gen 7 and Older Generations) utilizing friction Designed to allow more contact with the tourniquet when deploying Injection Molded case to stand up to rugged LE/MIL usage Drainage hole at the bottom of the case Medical identifying PVC cross patch included Multiple mounting positions to adjust the right height (can be mounted vertically, horizontally, canted or inverted) Police Duty Belt (Blade-Tech TEK-LOK Belt Attachment fits up to a 2.25" belt) Can be mounted to a Safariland® Drop Leg Shroud in the accessory position (mounting hardware sold separately) NOTES: Utilize the included Vibra-tite to secure the hardware in place once the desired configuration is obtained. Instructions are included. All of Eleven 10®'s products are designed, manufactured and assembled in the USA.

Rigid TQ Case for CAT with TekLok Safety Instruction Guide

Introduction

Thank you for choosing the Eleven 10® Rigid TQ Case® for the CAT® Gen 7. This hardsided tourniquet case is designed to provide quick access to your tourniquet when every second counts. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the Rigid TQ Case is used only for its intended purpose of securely holding a CAT® Tourniquet.
- Always inspect the case and the tourniquet for any signs of wear or damage before use.
- Keep the case and tourniquet out of reach of children to prevent accidental use.
- Be aware of your surroundings and ensure that the case is properly secured to your duty belt or vest to avoid accidental dislodging.
- Familiarize yourself with the deployment mechanism of the tourniquet before an emergency occurs.

Specific Safety Precautions for Use

- Always wear the Rigid TQ Case in a position that allows for quick access.
- Do not overload the case with additional items; it is designed specifically for the CAT® Tourniquet.
- Ensure that the case is mounted securely using the provided mounting solutions to prevent it from coming loose during movement.
- If using the case in a highstress environment (e.g., tactical situations), regularly check the case and its mounting to ensure it remains secure.
- Avoid exposing the case to extreme temperatures, chemicals, or other harsh conditions that may affect its integrity.

Instructions for Installation and Usage

1. Mounting the Case

- Select a mounting position on your duty belt, MOLLE/PALS compatible vest, or Safariland® drop leg holster.
- Use the appropriate mounting hardware (sold separately if needed) to attach the case securely.
- Ensure that the case is positioned for easy access and is not obstructed by other gear.

2. Securing the Tourniquet

- Place the CAT® Tourniquet inside the Rigid TQ Case, ensuring it is seated properly.
- The case utilizes friction to hold the tourniquet in place, so no additional straps or buckles are necessary.

3. Deploying the Tourniquet

- In an emergency, grasp the exposed portion of the tourniquet.
- Pull swiftly to release the tourniquet from the case.
- Practice deploying the tourniquet in a safe environment to become familiar with the process.

4. Adjusting Mounting Positions

- The Rigid TQ Case can be mounted in various positions: vertically, horizontally, canted, or inverted.
- Choose the position that best suits your needs and ensures quick access.

Disposal Instructions

- Dispose of the Rigid TQ Case in accordance with local regulations for plastic waste.
- If the case is damaged or no longer usable, do not attempt to repair it; dispose of it properly to prevent misuse.

Contact Information for Further Support

For any questions or concerns regarding the Rigid TQ Case, please refer to the product packaging or the manufacturer's website for contact details and customer support resources.

Conclusion

By following these safety instructions, you can ensure the effective use of the Eleven 10® Rigid TQ Case® for the CAT® Gen 7. Your safety and preparedness are our top priorities. Thank you for your commitment to safety.
