

# RIGID TQ CASE JACKET - ELEVEN 10 RIGID CAT GEN 7 CASE JACKET, RANGER GREEN

[Emergency & Survival Gear](#) > [First Aid](#) > [First Aid Supplies](#)

The Eleven 10® RIGID TQ Case® Jacket v2 for C-A-T® or SOF®TT/SOF®TT-W is an optional accessory that when installed, completely covers your tourniquet to protect it from the elements. It also helps provide a clean, uniform look. The Jacket integrates with the existing hardware on your RIGID's rear mounting face, and the included snap uses an existing hole on the front of the Cross Front RIGID models. When deployed, the Jacket ""breaks away"" so there is no snagging on your tourniquet. The updated version of the Jacket is made with Blue Force Gear's ULTRAcomp® material. ULTRAcomp® combines the properties of a rubber based laminate - resistance to tear, abrasion, water, bacteria and fungus - and added a Cordura® fabric facing for color or pattern and reduced IR signature. Features: ULTRAcomp® One-Piece Construction Lightweight construction adds little weight to your RIGID TQ Case® Velcro® Loop square for a medical identifier patch Integrates into the Cross Front RIGID TQ Case® with no case modifications Completely covers the tourniquet Break-Away design allows smooth removal of your tourniquet with no snagging Comes with all necessary hardware Does not include the RIGID TQ Case® NOTE: Will not work with the Slick Front RIGID TQ Case® or the legacy Kydex TQ Cases All of Eleven 10®'s products are designed, manufactured and assembled in the USA.

# RIGID TQ Case Jacket Safety Instructions

## Introduction

Thank you for choosing the Eleven 10® RIGID TQ Case® Jacket v2. This product is designed to protect your tourniquet from the elements while providing a clean and uniform look. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the RIGID TQ Case Jacket is compatible with your tourniquet model (CAT® or SOF®TT/SOF®TTW).
- Always inspect the product for any damage or wear before use.
- Do not use the jacket if it shows signs of wear, tear, or damage.
- Keep the product out of reach of children and vulnerable individuals to prevent any accidental use.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Do not modify the RIGID TQ Case Jacket or attempt to repair it yourself.
- Ensure that the jacket is properly installed before deploying your tourniquet.
- Avoid exposing the jacket to extreme temperatures or harsh chemicals that may degrade the material.
- When deploying the tourniquet, ensure that the breakaway feature of the jacket is functioning correctly to prevent snagging.

## Instructions for Installation and Usage

### 1. Installation:

- Remove your tourniquet from the RIGID TQ Case.
- Align the RIGID TQ Case Jacket with the existing hardware on the rear mounting face of your RIGID.
- Secure the jacket using the included snap, which fits into the existing hole on the front of the Cross Front RIGID models.
- Ensure that the jacket is fully attached and covers the tourniquet completely.

### 2. Usage:

- When needed, pull the jacket to deploy the tourniquet.
- The breakaway design allows for smooth removal without snagging.
- After use, check the jacket for any damage and clean it if necessary.

## Disposal Instructions

- Dispose of the RIGID TQ Case Jacket in accordance with local regulations for fabric and plastic materials.
- Do not dispose of the jacket in regular household waste if it is damaged or contaminated.

## Contact Information for Further Support

For any questions or concerns regarding the RIGID TQ Case Jacket, please refer to the product packaging or visit the manufacturer's website for additional support and resources.

By following these guidelines, you can ensure the safe and effective use of your Eleven 10® RIGID TQ Case® Jacket v2. Thank you for your attention to these important safety instructions.
