

# RIGID TQ CASE JACKET - ELEVEN 10 RIGID SOFTT/SOFTT-W CASE JACKET, RANGER GREEN

[Emergency & Survival Gear](#) > [First Aid](#) > [First Aid Supplies](#)

The Eleven 10® RIGID TQ Case® Jacket v2 for C-A-T® or SOF®TT/SOF®TT-W is an optional accessory that when installed, completely covers your tourniquet to protect it from the elements. It also helps provide a clean, uniform look. The Jacket integrates with the existing hardware on your RIGID's rear mounting face, and the included snap uses an existing hole on the front of the Cross Front RIGID models. When deployed, the Jacket ""breaks away"" so there is no snagging on your tourniquet. The updated version of the Jacket is made with Blue Force Gear's ULTRAcamp® material. ULTRAcamp® combines the properties of a rubber based laminate - resistance to tear, abrasion, water, bacteria and fungus - and added a Cordura® fabric facing for color or pattern and reduced IR signature. Features: ULTRAcamp® One-Piece Construction Lightweight construction adds little weight to your RIGID TQ Case® Velcro® Loop square for a medical identifier patch Integrates into the Cross Front RIGID TQ Case® with no case modifications Completely covers the tourniquet Break-Away design allows smooth removal of your tourniquet with no snagging Comes with all necessary hardware Does not include the RIGID TQ Case® NOTE: Will not work with the Slick Front RIGID TQ Case® or the legacy Kydex TQ Cases All of Eleven 10®'s products are designed, manufactured and assembled in the USA.

# RIGID TQ Case Jacket Safety Instructions

## Introduction

Thank you for choosing the Eleven 10® RIGID TQ Case® Jacket v2. This product is designed to protect your tourniquet from environmental factors while ensuring a clean and uniform appearance. To ensure your safety and the proper use of this product, please read this guide carefully.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Regularly inspect the Jacket for wear and tear.
- Keep the Jacket away from sharp objects that may cause damage.
- Do not use the Jacket if it shows signs of damage or wear.
- Store the Jacket in a cool, dry place away from direct sunlight.
- Follow all instructions for installation and usage to avoid hazards.

## Specific Safety Precautions for Use

- The Jacket is designed for use with the CAT® or SOF®TT/SOF®TTW tourniquets only.
- Ensure that the Jacket is securely attached to the RIGID TQ Case® before use.
- Avoid exposing the Jacket to extreme temperatures or harsh chemicals.
- Be aware that the Jacket's breakaway design allows for quick removal but may not be suitable for all environments.
- Do not use the Jacket with Slick Front RIGID TQ Case® or legacy Kydex TQ Cases.

## Instructions for Installation and Usage

### 1. Installation:

- Remove the tourniquet from the RIGID TQ Case®.
- Align the Jacket with the rear mounting face of the RIGID TQ Case®.
- Use the included snap to attach the Jacket to the existing hole on the front of the Cross Front RIGID models.
- Ensure that the Jacket is securely fastened and covers the tourniquet completely.

### 2. Usage:

- Deploy the Jacket by pulling it away from the tourniquet when needed.
- Ensure that there is no snagging during deployment.
- After use, reattach the Jacket to protect the tourniquet from the elements.

## Disposal Instructions

- Dispose of the Jacket according to local regulations.
- If the Jacket is damaged or no longer needed, consider recycling options if available.
- Do not dispose of the Jacket in regular household waste if it contains hazardous materials.

## Contact Information for Further Support

For any inquiries or safety concerns regarding the RIGID TQ Case Jacket, please reach out to the designated contact point provided with your product.

## **Conclusion**

By following these safety instructions, you can ensure the effective use of the Eleven 10® RIGID TQ Case® Jacket v2. Your safety is our priority, and we appreciate your commitment to responsible product use. Thank you for choosing Eleven 10®.
