

# T-BONE CHARGING HANDLE FOR 223/5.56 BLUE

[Rifle Parts](#) > [Bolt Parts](#) > [Charging Handle Parts](#) > [Charging Handles](#)

The Strike Industries T-Bone Charging Handle for .223/5.56 AR-15's feature a patented gas redirect system that allows you to configure the gas to exit only left, only right or evenly to both sides. The shaft of the charging handle is machined from 7000 series aluminum which excels in applications requiring lightweight and high strength. However, with comfort and control in mind, the T-Bone latchless handles are made from SI PolyFlex polymer. The handles can be easily swapped with optional (coming soon) different sizes and styles. The latchless feature of the T-Bone gives minimal wear and tear on your AR upper receiver compared to traditional charging handles on the market. The Strike Industries T-Bone Charging Handle for .223/5.56 gives you a modular way to direct the gas and setup the feel and look for one of the most overlooked and essential part of your AR upper receiver. COMPATIBILITY: AR-15/M4/M16 upper receivers NOT COMPATIBLE: AR-10 upper receivers

# TBone Charging Handle Safety Instruction Guide

## Introduction

Thank you for choosing the TBone Charging Handle for .223/5.56. This guide provides essential safety instructions, usage guidelines, and disposal instructions to ensure safe handling and operation of the product. Please read this guide carefully before use.

## General Safety Guidelines

- Always ensure that the firearm is unloaded before installing or handling the charging handle.
- Use the product only with compatible firearms: AR15/M4/M16 upper receivers. Do not use with AR10 upper receivers.
- Keep the charging handle out of reach of children and unauthorized users.
- Inspect the charging handle regularly for signs of damage or wear. Do not use if damaged.
- Always follow local laws and regulations regarding firearms and accessories.

## Specific Safety Precautions for Use

- **Installation:** Ensure the firearm is in a safe condition (unloaded) before installation. Follow the installation instructions carefully.
- **Handling:** Use both hands to operate the charging handle for better control and safety.
- **Gas Redirection:** Be aware of the gas redirection feature. Adjust it according to your preference, but ensure that it does not direct gas towards your face or others nearby.
- **Comfort and Control:** The TBone latchless handle is designed for comfort. Ensure that it is securely attached before use to prevent accidental detachment during operation.
- **Environmental Conditions:** Avoid using the charging handle in extreme conditions that may affect its performance, such as excessive moisture or extreme heat.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded.
- Remove the existing charging handle from the upper receiver.
- Align the TBone Charging Handle with the receiver and insert it into the charging handle slot.
- Ensure it is securely locked in place.

### 2. Usage:

- To operate, grip the charging handle firmly with both hands.
- Pull back the charging handle to chamber a round or clear the action.
- Adjust the gas redirection feature as needed for left, right, or even gas exit.
- After use, ensure the firearm is in a safe condition.

## Disposal Instructions

- When disposing of the TBone Charging Handle, follow local regulations regarding the disposal of firearm accessories.
- If the product is damaged beyond repair, ensure it is disposed of in a manner that prevents unauthorized use.

## **Contact Information for Further Support**

For any safety inquiries or support regarding the TBone Charging Handle, please refer to the manufacturer's contact information provided with your product packaging.

Thank you for prioritizing safety while using your TBone Charging Handle. Enjoy your enhanced shooting experience!
