

SCOUTER RED DOT - STRIKE INDUSTRIES SCOUTER RED DOT

[Optics & Mounting](#) > [Electronic Sights](#) > [Red Dot Sights](#)

The SCOUTER Red Dot is the first optical sight to premiere from the SIOPTO line of products. The SCOUTER is a unique original distinguished design by SIOPTO and Strike Industries engineers. This is a precision CQB/CQC aiming solution at a competitive price point that provides functionality needed to operate in austere conditions. The SCOUTER is made from a one-piece sight housing along with the included absolute height mounting base. Both are CNC machined from a solid billet 6061-T6 aluminum alloy providing a rugged, yet aesthetically pleasing HOOD design. No parallax, unlimited eye-relief and a wide 20mm field of view (FOV) to ensure quick target acquisition as well as increasing target transition proficiency. A collimated wedge lens with multi-layer coating for a sharp and clear view. Specially customized European mini micro-LED technology generates the crystal-clear red dot reflection on the 20mm objective lens. With the power efficient circuitry, the battery life lasts just over two (2) years at illumination level #6 protected by the SIOPTO designed rigid battery cover. Depend on the SCOUTER when you need it, this red dot sight has a motion activation feature; it will automatically power on when motion is detected and will automatically shut off after two (2) hours of no motion. The push button switch adjusts the illumination through 11 different settings. Lightweight and compact, the SCOUTER is an extremely viable option for any weapon platform where the application requires quick target acquisition and transitioning in a close-quarters setting. The SCOUTER is 100% designed and assembled in the USA and comes with a Limited Lifetime Warranty. Stay tuned for the variety of SIOPTO compatible optional accessories.

Attributes

- Name: [STRIKE INDUSTRIES SCOUTER RED DOT](#)
- Manufacturer: [STRIKE INDUSTRIES](#)
- Product no.: 100043978
- Mfr. No.: SO-SCOUTER
- Battery Life: 18000 hours
- Brightness Settings: 11 settings
- Click Value: 1/2 MOA
- Click Value: 1/2 MOA
- Finish: Black
- Night Vision Compatible: No
- Night Vision Compatible: No
- Power Supply: (1) CR 2032 Lithium battery
- Reticle: 2.0 MOA Red Dot
- Sight Type: Red Dot
- Weight: 6.3 oz
- Delivery weight: 0.28kg
- Shipping height: 57mm
- Shipping width: 121mm
- Shipping length: 133mm

SCOUTER Red Dot Sight Safety Instruction Guide

Introduction

Thank you for choosing the SCOUTER Red Dot Sight from Strike Industries. This guide is designed to provide you with essential safety instructions and guidelines to ensure the safe and effective use of your new optical sight. Please read this document carefully before using the product.

General Safety Guidelines

- **Product Safety:** Always ensure the SCOUTER Red Dot Sight is used in accordance with the guidelines provided in this manual. Improper use may result in accidents or injuries.
- **Enhanced Recalls:** Stay informed about any product recalls or safety notices. You can check the EU's Safety Gate platform for updates.
- **Online Shopping:** When purchasing online, ensure that the seller complies with EU safety regulations to avoid counterfeit or unsafe products.
- **Special Consumer Focus:** This product is not intended for use by children. Always keep the SCOUTER out of reach of children and vulnerable individuals.
- **EU Contact Point:** For any safety inquiries, please consult the relevant authorities in your EU member state.
- **Rapid Alerts:** Be aware of the Safety Gate system, which provides quick updates on unsafe products.

Specific Safety Precautions for Use

- **Proper Handling:** Handle the SCOUTER Red Dot Sight with care. Avoid dropping or subjecting it to strong impacts.
- **Environmental Conditions:** Do not use the sight in extreme weather conditions that may impair its function, such as heavy rain or extreme temperatures.
- **Battery Safety:** Use only the specified battery type (1 CR 2032 Lithium battery). Improper battery use may lead to leakage or explosion.
- **Avoid Eye Injury:** Never look directly at the sun through the sight, as this may cause permanent eye damage.
- **Regular Maintenance:** Check the sight regularly for any signs of damage or wear. If any issues are detected, discontinue use immediately.
- **Installation Precautions:** Ensure the sight is securely mounted on your weapon platform to prevent it from becoming loose during use.

Instructions for Installation and Usage

1. Installation:

- Ensure the weapon is unloaded before installation.
- Attach the SCOUTER Red Dot Sight to the mounting base securely using the provided screws.
- Confirm that the sight is aligned properly with the weapon's barrel.

2. Powering On:

- The SCOUTER features a motion activation feature. The sight will automatically power on when motion is detected.
- To manually power on or off, use the push button switch.

3. Adjusting Brightness:

- Use the push button switch to cycle through the 11 brightness settings.

- Choose a brightness level suitable for your environment to enhance visibility.

4. **Target Acquisition:**

- Align the red dot with your target for quick acquisition.
- Practice transitioning between multiple targets to improve proficiency.

5. **Battery Replacement:**

- When the battery is low, replace it with a new CR 2032 Lithium battery.
- Ensure the battery compartment is securely closed after replacement.

Disposal Instructions

- **Battery Disposal:** Dispose of used batteries in accordance with local regulations. Do not throw batteries in the regular trash.
- **Product Disposal:** When the SCOUTER Red Dot Sight reaches the end of its life, dispose of it responsibly. Check with local waste management services for appropriate disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the SCOUTER Red Dot Sight, please consult the relevant authorities or your point of purchase for assistance. Safety is our priority, and we are here to help you ensure a safe experience with your product.

Thank you for your attention to these safety guidelines. Enjoy using your SCOUTER Red Dot Sight responsibly and safely!
