The Breek Arms WARHAMMER MOD2 ambi charging handle is a simple and affordable upgrade that will substantially increase the use of your AR-15. Easily grab on either side of the handle and you can quickly charge your rifle even with large gloves with the textured grooves that are cut into the latch handles. The wide set-back latches work great for large optics. The low profile design keeps it slim and sleek looking without sacrificing functionality. Made entirely out of 7075 aluminum for added strength and durability! The new MOD2 design features improvements for further reducing gas blowback in the shooter's face. The relief cuts on the top and bottom of the stem are designed to help direct extra gas out the side and away from your face. And for any gas that does manage to go straight back, we increased the height of the shelf to better cover the back of the upper. These modifications help improve the shooting experience, especially when shooting suppressed!

Safety Instruction Guide for AR15 WARHAMMER MOD2 Ambidextrous Charging Handle

Introduction

Thank you for choosing the AR15 WARHAMMER MOD2 Ambidextrous Charging Handle. This product is designed to enhance the functionality of your AR15 rifle while ensuring a safe shooting experience. Please read this guide carefully to understand the safety precautions and instructions for proper use.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep your finger off the trigger until you are ready to shoot.
- Be aware of your surroundings and ensure a safe backdrop when shooting.
- Use appropriate personal protective equipment, including eye and ear protection.
- Store your firearm and accessories in a secure location, away from children and unauthorized users.
- Regularly inspect your charging handle and firearm for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm use and ownership.

Specific Safety Precautions for Use

- Ensure that the charging handle is properly installed before use.
- Do not use the charging handle if it shows signs of damage or wear.
- Avoid placing your face directly behind the charging handle when operating it, especially when shooting suppressed.
- Use gloves that provide a good grip when handling the charging handle to prevent slippage.
- Be mindful of the gas blowback when shooting; ensure that the firearm is pointed in a safe direction.
- If you experience any malfunctions or safety issues, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

Installation

1. Ensure that your AR15 is unloaded and pointed in a safe direction.
2. Remove the existing charging handle by pulling it out of the receiver.
3. Insert the new AR15 WARHAMMER MOD2 charging handle into the receiver.
4. Ensure that the handle is seated properly and securely in place.

Usage

- To charge the rifle, grasp the handle firmly on either side and pull it back to the rear, then release it to allow it to return to the forward position.
- The textured grooves on the latch handles provide a secure grip, even when wearing gloves.
- For optimal performance, familiarize yourself with the charging handle's operation before engaging in live fire.

Disposal Instructions

- When disposing of the charging handle, follow local regulations regarding electronic and metal waste.
- Do not dispose of the charging handle in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.
