

VANGUARD 2 HOLSTERS ADVANCED KIT - RAVEN CONCEALMENT SYSTEMS VANGUARD 2 ADVANCED G42/G43 BLACK

[Home](#)

The VanGuard 2 Advanced Kit is a capability upgrade to the venerable VanGuard 2 minimalist IWB holster. Unlike traditional IWB holsters, the VG2 covers only the trigger guard of your weapon. This unique design eliminates the bulk of a traditional holster, while providing a level of safety and security not attainable by simply sticking a pistol in the waistband of your pants. The VG2 Advanced Kit's inclusion of the RCS CLAW takes this system's concealability to the next level, by leveraging the grip of the pistol close to the body, while still allowing for a clean, repeatable draw. The VanGuard 2 Advanced Kit with the RCS CLAW can be equipped with either a Tuckable strut with overhook or Tuckable strut with soft loop, to allow you to choose the best belt interface system for your carry and mission type. This combination is adjustable for ride-height and cant, is fully ambidextrous, and is the ultimate in deep concealment technology when combined with our proprietary tuckable struts. Please note that the VG2 Advanced kit is not compatible with the Basic Kit Strut or the Lanyard option. VG2 CLAWs are only compatible with the model of VG2 shell specified. For example, a Glock VG2 CLAW will NOT fit a M&P VG2 holster shell. Please be aware, RCS does not advise attempting to re-holster the weapon while the VG2 is inside your clothing. You should remove the VG2 and install it on the weapon outside of your waistband.

Attributes

- Name: [RAVEN CONCEALMENT SYSTEMS VANGUARD 2 ADVANCED G42/G43 BLACK](#)

VANGUARD 2 ADVANCED KIT RAVEN CONCEALMENT SYSTEMS SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the VANGUARD 2 Advanced Kit by Raven Concealment Systems. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your holster system. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that the holster is compatible with your firearm model (Glock 42 or 43).
- Always handle firearms with care and follow standard safety protocols.
- Regularly inspect the holster for any signs of wear or damage before each use.
- Do not attempt to reholster the weapon while the VG2 is inside your clothing.
- Store the holster and firearm in a secure location, out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the appropriate authorities and check for recall updates.

Specific Safety Precautions for Use

- **Trigger Guard Coverage:** The VG2 holster covers only the trigger guard. Ensure that your firearm is unloaded before inserting it into the holster.
- **Ambidextrous Use:** The VG2 Advanced Kit is designed for ambidextrous use. Adjust the holster to suit your dominant hand.
- **RCS CLAW:** The inclusion of the RCS CLAW enhances concealability. Ensure it is properly positioned to maintain comfort and accessibility.
- **Belt Interface:** Choose the appropriate belt interface (Tuckable strut with overhook or soft loop) based on your carry style and comfort. Ensure it is securely attached to your belt.
- **Adjustments:** The system allows for adjustments in rideheight and cant. Make these adjustments carefully to ensure a proper fit.
- **Avoiding Hazards:** Do not wear the holster in situations where it may be exposed to extreme heat or moisture, as this may damage the materials.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your firearm is unloaded and the safety is engaged.
- Gather all components of the VANGUARD 2 Advanced Kit.

2. Attaching the Holster:

- Choose the appropriate strut (overhook or soft loop) based on your preference.
- Attach the strut securely to the holster, following the manufacturer's instructions.

3. Wearing the Holster:

- Position the holster on your waistband, ensuring that the trigger guard is fully covered.
- Adjust the rideheight and cant to your comfort level.
- Ensure that the RCS CLAW is positioned correctly to keep the grip of the firearm close to your body.

4. Drawing the Firearm:

- Practice drawing the firearm from the holster in a safe environment.
- Ensure a clean and repeatable draw to maintain safety and efficiency.

5. Reholstering:

- Always remove the VG2 from your clothing before attempting to reholster your firearm.
- Place the VG2 on a stable surface, insert the firearm, and ensure it is secure before wearing it again.

Disposal Instructions

- Dispose of the VANGUARD 2 Advanced Kit responsibly.
- If the holster is damaged or no longer needed, consider recycling the polymer materials where applicable.
- Follow local regulations for the disposal of any firearm accessories.

Contact Information for Further Support

For any questions or concerns regarding the VANGUARD 2 Advanced Kit, please refer to the manufacturer's website or customer support resources for assistance.

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your VANGUARD 2 Advanced Kit. Thank you for your attention to safety.
