

# PERUN HOLSTERS - RAVEN CONCEALMENT SYSTEMS SIG P365/P365XL PERUN HOLSTER BLACK

[Home](#)

The Raven Concealment Systems Perun is their flagship outside-the-waistband (OWB) holster. It is the result of blending the best features of two of our most popular holsters, the Eidolon and the Phantom, to create a highly refined, exceptionally concealable holster. The Perun is designed to be the best modular OWB “pancake” style holster on the market. It has a body-hugging design that rides high for maximum concealment. The body of the holster is only slightly larger than the pistol contained in it. This small size aids in concealment while also making the holster more comfortable while seated in a vehicle. The body-hugging curvature of this holster is accomplished using modular belt loops. Each holster includes three pair of 1.5” belt loops (LH 10 degree cant, RH 10 degree cant, and ambi 0 degree cant), which allow the end-user to configure the ambidextrous holster body for left-handed or right-handed use, with either a 0-degree or 10-degree cant. Retention in the Perun is crisp, defined, and consistent, thanks to innovative design features inside the holster body. The unique retention slider makes adjusting retention as simple as turning up the volume on your stereo. And unlike other holsters that use the traditional “screw through a rubber grommet” style of retention, the Perun’s retention will not back off after repeated drawing and re-holstering. The Perun is compatible with most slide-mounted red-dot optics (like the Aimpoint T-1, Trijicon RMR, etc.) and accommodates suppressor-height front sights up to .350” tall. It is also fully compatible with the RCS Balor optic mount. The Glock Perun is compatible with generation 3-5 Glock pistols. The Perun is compatible with all small frame 9mm, .40S&W, and .357sig Glocks. Example, The Glock 17 Perun will fit the corresponding standard full sized pistols such as the .40 G22 and .357 G31. The Glock 19 Perun will fit the corresponding compact sized pistols such as the .40 G23 and .357 G32 Raven Concealment Systems also has Surefire X300U A/B and Streamlight TLR-1HL light compatible Perun LC models available for Glocks. Both the Glock Perun LC for Surefire X300U A/B, and the Glock Perun LC for Streamlight TLR-1HL holsters are compatible with generation 3-5 Glock 9mm/.40S&W/.357 Glock pistols (up to Glock 34/35 length slide) with the weapon light attached. For example, this holster will accommodate a Glock 19, Glock 17, or Glock 34 with the weapon light mounted on it. The muzzle-end of the holster is rounded for comfort, yet has an opening sufficient to accommodate most common after-market extended and threaded barrels (with thread protectors). The opening at the muzzle is also specifically designed to allow foreign objects (like spent casings) to drop out the bottom so that nothing can block your pistol from being safely re-holstered. The ambidextrous holster body has both inboard and outboard full-height body shields. These body shields offer some protection for your pistol from sweat, as well as protecting your skin and cover garments (especially the thin material used for linings in sport coats and suit jackets) from being abraded by the serrations on the rear of the slide. They also enhance safety by helping keep cover garments and other foreign objects from falling into the mouth of the holster while you have your pistol drawn, and aid in proper, safe muzzle orientation during re-holstering. The holster is injection molded from a proprietary, extremely high-strength polymer blend that is significantly more durable than Kydex or Boltaron. Like all RCS products, it is made in the USA, and is backed by our lifetime warranty.

## Attributes

- Name: [RAVEN CONCEALMENT SYSTEMS SIG P365/P365XL PERUN HOLSTER BLACK](#)

# Safety Instruction Guide for PERUN HOLSTERS RAVEN CONCEALMENT SYSTEMS SIG P365/P365XL

## Introduction

Thank you for choosing the PERUN HOLSTERS RAVEN CONCEALMENT SYSTEMS SIG P365/P365XL. This guide provides essential safety instructions to ensure the proper use and maintenance of your holster. Please read this guide carefully to understand how to use the holster safely and effectively.

## General Safety Guidelines

- Always ensure your firearm is unloaded before placing it in the holster.
- Keep the holster out of reach of children and unauthorized users.
- Regularly inspect the holster for any signs of wear or damage.
- Ensure that the holster is securely attached to your belt or carry system before use.
- Be aware of your surroundings and ensure that your firearm is always pointed in a safe direction.
- Follow all local laws and regulations regarding firearm carry and holstering.

## Specific Safety Precautions for Use

- When drawing your firearm, ensure that your finger is off the trigger until you are ready to shoot.
- Avoid using the holster with any modifications that are not approved by the manufacturer.
- Do not overload the holster with accessories that may affect its performance.
- Ensure that the retention slider is properly adjusted to your preference for safe and secure carry.
- Be cautious when reholstering your firearm to avoid any accidental discharges.

## Instructions for Installation and Usage

### 1. Installation of the Holster

- Select the appropriate belt loop configuration (lefthanded, righthanded, or ambidextrous).
- Attach the selected belt loops to the holster body securely.
- Ensure the holster is positioned on your body for optimal concealment and comfort.

### 2. Using the Holster

- To insert your firearm, ensure it is unloaded and pointed in a safe direction.
- Slide the firearm into the holster, ensuring it is fully seated and secured.
- Adjust the retention slider to your desired level of retention.
- When drawing the firearm, maintain a firm grip and follow safe firearm handling practices.
- After use, reholster the firearm carefully, ensuring no obstructions are present.

## Disposal Instructions

- Dispose of the holster in accordance with local regulations for plastic products.
- If the holster is damaged beyond repair, ensure it is disposed of in a manner that prevents its reuse.

## Contact Information for Further Support

For any inquiries regarding the safety and use of the PERUN HOLSTERS RAVEN CONCEALMENT SYSTEMS SIG P365/P365XL, please refer to the manufacturer's website or contact their customer support for assistance.

By following these safety guidelines and instructions, you can ensure the safe and effective use of your holster.

Thank you for prioritizing safety in your firearm handling practices.
