

PERUN HOLSTERS - RAVEN CONCEALMENT SYSTEMS SIG 320C W/ TLR7/8 PERUN HOLSTER BLACK

[Home](#)

The Raven Concealment Systems Perun is their flagship outside-the-waistband (OWB) holster. It is the result of blending the best features of two of our most popular holsters, the Eidolon and the Phantom, to create a highly refined, exceptionally concealable holster. The Perun is designed to be the best modular OWB "pancake" style holster on the market. It has a body-hugging design that rides high for maximum concealment. The body of the holster is only slightly larger than the pistol contained in it. This small size aids in concealment while also making the holster more comfortable while seated in a vehicle. The body-hugging curvature of this holster is accomplished using modular belt loops. Each holster includes three pair of 1.5" belt loops (LH 10 degree cant, RH 10 degree cant, and ambi 0 degree cant), which allow the end-user to configure the ambidextrous holster body for left-handed or right-handed use, with either a 0-degree or 10-degree cant. Retention in the Perun is crisp, defined, and consistent, thanks to innovative design features inside the holster body. The unique retention slider makes adjusting retention as simple as turning up the volume on your stereo. And unlike other holsters that use the traditional "screw through a rubber grommet" style of retention, the Perun's retention will not back off after repeated drawing and re-holstering. The Perun is compatible with most slide-mounted red-dot optics (like the Aimpoint T-1, Trijicon RMR, etc.) and accommodates suppressor-height front sights up to .350" tall. It is also fully compatible with the RCS Balor optic mount. The Glock Perun is compatible with generation 3-5 Glock pistols. The Perun is compatible with all small frame 9mm, .40S&W, and .357sig Glocks. Example, The Glock 17 Perun will fit the corresponding standard full sized pistols such as the .40 G22 and .357 G31. The Glock 19 Perun will fit the corresponding compact sized pistols such as the .40 G23 and .357 G32. Raven Concealment Systems also has Surefire X300U A/B and Streamlight TLR-1HL light compatible Perun LC models available for Glocks. Both the Glock Perun LC for Surefire X300U A/B, and the Glock Perun LC for Streamlight TLR-1HL holsters are compatible with generation 3-5 Glock 9mm/.40S&W/.357 Glock pistols (up to Glock 34/35 length slide) with the weapon light attached. For example, this holster will accommodate a Glock 19, Glock 17, or Glock 34 with the weapon light mounted on it. The muzzle-end of the holster is rounded for comfort, yet has an opening sufficient to accommodate most common after-market extended and threaded barrels (with thread protectors). The opening at the muzzle is also specifically designed to allow foreign objects (like spent casings) to drop out the bottom so that nothing can block your pistol from being safely re-holstered. The ambidextrous holster body has both inboard and outboard full-height body shields. These body shields offer some protection for your pistol from sweat, as well as protecting your skin and cover garments (especially the thin material used for linings in sport coats and suit jackets) from being abraded by the serrations on the rear of the slide. They also enhance safety by helping keep cover garments and other foreign objects from falling into the mouth of the holster while you have your pistol drawn, and aid in proper, safe muzzle orientation during re-holstering. The holster is injection molded from a proprietary, extremely high-strength polymer blend that is significantly more durable than Kydex or Boltaron. Like all RCS products, it is made in the USA, and is backed by our lifetime warranty.

Safety Instruction Guide for PERUN HOLSTERS RAVEN CONCEALMENT SYSTEMS SIG 320C W/ TLR7/8 PERUN HOLSTER BLACK

Introduction

Thank you for choosing the PERUN HOLSTERS RAVEN CONCEALMENT SYSTEMS SIG 320C W/ TLR7/8 PERUN HOLSTER BLACK. This guide provides essential safety instructions to ensure the safe and effective use of your holster. It is important to read and understand these guidelines to protect yourself and others.

General Safety Guidelines

- Ensure that the holster is compatible with your firearm model before use.
- Always keep your firearm unloaded until you are ready to use it.
- Store your holster and firearm in a secure location, away from children and unauthorized users.
- Inspect the holster regularly for any signs of wear or damage.
- Follow local laws and regulations regarding firearm ownership and carry.

Specific Safety Precautions for Use

- Always use the holster in accordance with the manufacturer's instructions.
- Ensure that the retention system is properly adjusted to secure your firearm.
- Avoid exposing the holster to extreme temperatures or harsh chemicals.
- Do not modify the holster in any way that may compromise its integrity or safety.
- When drawing or reholstering your firearm, ensure that the muzzle is pointed in a safe direction.

Instructions for Installation and Usage

1. Compatibility Check

- Ensure that your firearm is a Sig Sauer P320 Compact and is equipped with TLR7 or TLR8 light.

2. Holster Configuration

- Select the appropriate belt loop configuration (LH 10 degree cant, RH 10 degree cant, or ambi 0 degree cant) based on your preference for lefthanded or righthanded use.

3. Adjusting Retention

- Use the retention slider to adjust the holster's retention level to your preference. Turn the slider clockwise to increase retention and counterclockwise to decrease it.

4. Holstering Your Firearm

- Ensure that the firearm is unloaded.
- Position the holster at your desired location on your waistband.
- Insert the firearm into the holster, ensuring it is fully seated and secured.

5. Drawing Your Firearm

- Grip the firearm firmly and draw it straight out of the holster.
- Ensure that your finger is off the trigger until you are ready to fire.

6. Reholstering Your Firearm

- Ensure the area around you is clear of obstructions.
- Carefully guide the firearm back into the holster without force.
- Check that the retention system is engaged after reholstering.

Disposal Instructions

- Dispose of the holster in accordance with local regulations.
- Do not dispose of the holster in regular household waste if it is damaged or worn beyond safe use.
- Consider recycling options for the polymer material, if available.

Contact Information for Further Support

For any questions or concerns regarding the use of your holster, please refer to the manufacturer's website or customer service for assistance.

Thank you for prioritizing safety in your usage of the PERUN HOLSTERS RAVEN CONCEALMENT SYSTEMS SIG 320C W/ TLR7/8 PERUN HOLSTER BLACK. Your adherence to these guidelines helps ensure a safe experience for you and those around you.
