

# AR-15 ENHANCED MAGAZINE RELEASE BUTTON - FORWARD CONTROLS DESIGN AR-15 ENHANCED MAGAZINE RELEASE BUTTON SERRATED MIL-SPEC

[Rifle Parts](#) > [Receiver Parts](#) > [Magazine Parts](#) > [Magazine Releases](#)

The EMR-H features a slightly curved button or dimpled surface to fit the natural curvature of your finger. The form fitting curve, along with horizontal serrations, create a self-centering surface that inhibits the finger's vertical movements. The EMR-H has a mil-spec through hole for the magazine catch's shaft and is only 0.02" taller than the factory magazine release button. When installed, the EMR-H has minimal protrusion above the mag release button fence on most forged receivers. Machined from 4140 bar stock, it is QPQ coated Proudly made in the USA. AR-15/M16 Through hole magazine release button Curved and serrated surface 4140 steel

## Attributes

- Name: [FORWARD CONTROLS DESIGN AR-15 ENHANCED MAGAZINE RELEASE BUTTON SERRATED MIL-SPEC](#)
- Manufacturer: [FORWARD CONTROLS DESIGN](#)
- Product no.: 100044389
- Mfr. No.: EMR-H, SERRATED
- Weapon type: AR-15
- Delivery weight: 0.018kg
- Shipping height: 25mm
- Shipping width: 83mm
- Shipping length: 140mm
- UPC: 682157948741

## Item details

Made in USA

US export classification: 0A501.x

# Safety Instruction Guide for AR15 Enhanced Magazine Release Button

## Introduction

Thank you for choosing the AR15 Enhanced Magazine Release Button from Forward Controls Design. This guide provides essential safety instructions to ensure the safe use and installation of your product, in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide thoroughly before use.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Regularly inspect the magazine release button for signs of wear or damage.
- Keep the product out of reach of children and vulnerable individuals.
- Always adhere to local laws and regulations regarding firearm accessories.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Check for product recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Do not attempt to modify the magazine release button in any way.
- Ensure that the firearm is unloaded before installation or maintenance.
- Use only compatible AR15/M16 models for installation.
- Avoid wearing gloves or using oily hands during installation to maintain grip and control.
- Be aware of your surroundings while handling the firearm to prevent accidents.
- If you experience any issues with installation or functionality, discontinue use immediately and seek assistance.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Gather necessary tools: a screwdriver or appropriate tool for your specific firearm model.

### 2. Installation Steps:

- Remove the existing magazine release button by unscrewing or pushing it out, following the manufacturer's instructions.
- Align the milspec through hole of the EMRH with the magazine catch's shaft.
- Gently press or screw the EMRH into place, ensuring it is securely attached.
- Check that the button operates smoothly and that there is no excessive play.

### 3. Usage:

- To release the magazine, press the EMRH button firmly with your finger.
- Ensure your grip is secure and that your finger does not inadvertently touch the trigger during operation.

### 4. PostInstallation Check:

- After installation, conduct a function check to ensure that the magazine releases properly.
- If you notice any irregularities, consult a qualified gunsmith before further use.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding firearm accessories.
- If the product is damaged beyond use, consider recycling materials where possible.

## **Contact Information for Further Support**

For any inquiries regarding safety or functionality, please refer to your local regulations or consult a qualified professional.

Thank you for prioritizing safety and compliance in your use of the AR15 Enhanced Magazine Release Button.
