## AR .308 ENHANCED MAGAZINE RELEASE BUTTON DIMPLED

[Rifle Parts](#) > [Receiver Parts](#) > [Magazine Parts](#) > [Magazine Releases](#)

The Enhanced Magazine Release-Continuous Serrations features a slightly curved button surface to fit the natural curvature of your finger. The form fitting curve, along with horizontal serrations, create a self-centering surface that inhibits the finger's vertical movements. The EMR-HC has an uninterrupted surface and serrations, its taller profile makes it easier to press and is only 0.04 taller than the factory magazine release button. When installed, the EMR-HC has a 0.08 protrusion above the mag release button fence on most forged receivers. Due to the EMR-HC's installed height which protrudes 0.08" over the mag release fence when installed (only 0.06" or 0.07" of the magazine release button travel is needed to drop a magazine), EMR-HC is recommended for 7.62mm ARs only, though it does work on 5.56mm ARs and M16s. For defense and duty ARs and M16s, please use Forward Control Design's EMR that has only a 0.01" protrusion over most forged receiver magazine release fence. For .308 ARs, the EMR-HC's taller profile will allow you to use AR15/M16 spec mag catch and ambidextrous mag catch/release. An EMR-HC installed on a .308 AR will not protrude over the mag release fence. Machined in 4140 steel and QPQ treated. 308 AR 4140 steel QPQ treated Blind hole magazine release button Curved and serrated or dimpled surface

### Attributes

- Name: [FORWARD CONTROLS DESIGN AR .308 ENHANCED MAGAZINE RELEASE BUTTON DIMPLED](#)
- Manufacturer: [FORWARD CONTROLS DESIGN](#)
- Product no.: 100044392
- Mfr. No.: EMR-HC, AA (DIM)
- Weapon type: AR .308
- Delivery weight: 0.018kg
- Shipping height: 25mm
- Shipping width: 83mm
- Shipping length: 140mm
- UPC: 682157948734

### Item details

Made in USA

US export classification: 0A501.x

# Safety Instruction Guide for AR .308 Enhanced Magazine Release

## Introduction

Thank you for choosing the AR .308 Enhanced Magazine Release from Forward Controls Design. This guide provides essential safety information and instructions to ensure the safe and effective use of your product. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure the product is installed correctly and securely to avoid malfunctions.
- Regularly inspect the magazine release for signs of wear or damage.
- Always handle firearms with care and follow all safety protocols associated with firearm usage.
- Keep the magazine release and all firearm components out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Only use the AR .308 Enhanced Magazine Release with compatible firearms (7.62mm ARs, 5.56mm ARs, and M16s).
- Ensure the firearm is unloaded before installing or adjusting the magazine release.
- Avoid using excessive force when pressing the magazine release button.
- Do not modify the magazine release or the firearm in a way that could compromise safety.
- If you experience any malfunctions or irregularities during use, cease operation immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### Installation

1. **Ensure Safety:** Before beginning installation, make sure the firearm is unloaded and pointed in a safe direction.
2. **Remove the Existing Magazine Release:** Using appropriate tools, carefully remove the existing magazine release button from the firearm.
3. **Install the EMRHC:**
  - Align the AR .308 Enhanced Magazine Release button with the magazine release mechanism.
  - Press the button into place until it is securely seated.
4. **Check Functionality:** After installation, test the magazine release to ensure it operates smoothly and without obstruction.
5. **Final Inspection:** Ensure there is no protrusion over the mag release fence that could interfere with operation.

### Usage

- To release the magazine, press the Enhanced Magazine Release button firmly with your finger.
- Ensure that your grip is secure on the firearm to maintain control during magazine changes.
- Practice using the magazine release in a controlled environment to become familiar with its operation.

## Disposal Instructions

- Dispose of any packaging materials responsibly, following local recycling guidelines.

- If the product is no longer in use or damaged beyond repair, dispose of it in accordance with local regulations for hazardous materials, if applicable.

## **Contact Information for Further Support**

For any inquiries or further support regarding the AR .308 Enhanced Magazine Release, please refer to the manufacturer's website or contact their customer service directly.

Thank you for taking the time to read this safety instruction guide. Your safety and the safety of others are of utmost importance. Enjoy your enhanced shooting experience with the AR .308 Enhanced Magazine Release!
