Universal Bino Harness Safety Instruction Guide

Introduction

Thank you for choosing the Universal Bino Harness by Bushnell. This harness is designed to provide a lightweight and comfortable way to carry your binoculars, ensuring they are easily accessible while minimizing neck strain. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always inspect the harness and binoculars for any signs of wear or damage before use.
- Ensure that the harness is properly adjusted to fit your body securely.
- Do not overload the harness with excessively heavy binoculars, as this may cause strain or injury.
- Keep the harness and binoculars away from children and ensure they are used only by individuals who understand how to operate them safely.
- In the event of any malfunction or unsafe condition, discontinue use immediately and report the issue.

Specific Safety Precautions for Use

- Ensure that the clips used for attaching the binoculars are functioning properly and securely fastened.
- Avoid using the harness in wet or slippery conditions to prevent falls or accidents.
- Be cautious when moving through dense vegetation or uneven terrain to avoid getting caught or tripping.
- If you experience any discomfort or pain while using the harness, stop using it and adjust or remove it as necessary.
- Do not attempt to modify the harness or its components in any way.

Instructions for Installation and Usage

1. Adjusting the Harness:

- Place the harness over your shoulders and adjust the straps to fit snugly but comfortably.
- Ensure that the straps are not too tight, as this may cause discomfort during prolonged use.

2. Attaching the Binoculars:

- Use the quick detach clips to attach your binoculars to the harness.
- Ensure that the clips are securely fastened and that the binoculars are stable before use.

3. Using the Harness:

- When wearing the harness, keep your binoculars within easy reach.
- To access the binoculars, simply pull them away from your body using the harness.
- When finished, securely reattach the binoculars to the harness using the quick detach clips.

4. Removing the Harness:

- To remove the harness, unclip the binoculars and carefully take the straps off your shoulders.
- Store the harness in a cool, dry place when not in use.

Disposal Instructions

- Dispose of the Universal Bino Harness responsibly in accordance with local regulations.
- If the harness is no longer usable, consider recycling components where possible.

- Do not dispose of the harness in household waste if it is made of materials that can be recycled.

Contact Information for Further Support

- For any inquiries regarding safety or product support, please refer to the manufacturer's website or customer service resources.

By following these guidelines, you can enjoy using your Universal Bino Harness safely and effectively. Thank you for your attention to these important safety instructions.
