

POWerview 2 BINOCULARS - 10X42MM POWerview 2 BINOCULARS

[Optics & Mounting](#) > [Binoculars & Accessories](#) > [Binoculars](#)

An all-metal chassis is the new PowerView 2's foundation, and it's never before been offered at this price. The all-metal chassis ensures ruggedness and durability in the harshest elements, meaning the chassis won't crack in the extreme cold of winter, or disform in the intense heat of summer. The new metal body also eliminates uneven weight distribution often found in binoculars with plastic chassis. Multi-coated optics bring in a large amount of light, providing vibrant images for a crisp, clear viewing experience. Updated ergonomics and a rich textured rubber armor guarantee you'll always have a firm grip, even in one hand. The PowerView 2 binoculars can also be used with other Bushnell products, including our binocular harness. **LONG LASTING DURABILITY** Aluminum alloy chassis provides durability without adding unnecessary weight and bulk. **MODERN EXTERIOR DESIGN** High quality, soft touch rubber and brushed metal texture finishes provide classic performance in a great looking, modern design. **EASY TO USE AND CONFIDENT GRIP** Updated ergonomics with soft touch rubber and easy grip texture along the sides of the binocular, and on the bridge, reduce the chance of dropping and give a confident hand feel....even with one hand. **GREAT IMAGE QUALITY WITH SHARP FOCUS** Multi-coated optics draw an incredible amount of light for clear vibrant images, even in low light. Ultra-smooth focus wheel allows you to focus in on your subject quickly for perfect definition when you need it. **AVAILABLE IN MULTIPLE CONFIGURATIONS** Compact, mid and full-size options in roof or porro prism from 10x to 20x provide multiple options for your adventures.

Safety Instruction Guide for PowerView 2 Binoculars

Introduction

Thank you for choosing the PowerView 2 Binoculars. This guide provides essential safety instructions and guidelines to ensure safe usage and maintenance of your binoculars. Please read this document carefully to understand how to use your product safely and effectively.

General Safety Guidelines

- Ensure that you use the binoculars only for their intended purpose.
- Do not look directly at the sun or any bright light source through the binoculars, as this can cause serious eye damage.
- Keep the binoculars out of reach of small children to prevent accidents or injuries.
- Regularly check the binoculars for any signs of damage or wear. If any issues are detected, discontinue use immediately.
- Avoid exposing the binoculars to extreme temperatures or humidity, as this can affect their performance and durability.
- Use the binoculars in a stable position to prevent accidental drops or falls.

Specific Safety Precautions for Use

- **Eye Safety:** Always use the binoculars at a safe distance from your eyes. Adjust the eyecups to fit your eyes comfortably.
- **Handling:** Use both hands when holding the binoculars for better stability and control.
- **Cleaning:** Use a soft, dry cloth to clean the lenses. Do not use harsh chemicals or abrasive materials that can scratch the lenses.
- **Storage:** Store the binoculars in a protective case when not in use to prevent dust and damage.
- **Weight Consideration:** Be aware of the weight of the binoculars (22.22 oz) and ensure you have a secure grip, especially when using them for extended periods.

Instructions for Installation and Usage

1. **Adjusting the Eyecups:**
 - Twist the eyecups up or down depending on whether you are wearing glasses or not.
2. **Focusing the Binoculars:**
 - Use the central focus wheel to adjust the focus for your viewing subject.
 - Ensure that both barrels are focused for a clear image.
3. **Using the Binoculars:**
 - Hold the binoculars with both hands, ensuring a firm grip.
 - Bring the binoculars to your eyes and look through the eyepieces.
 - Adjust the focus wheel as needed to achieve a sharp image.
4. **Using with Accessories:**
 - If using with a binocular harness or other Bushnell products, follow the specific instructions for those accessories to ensure compatibility and safety.

Disposal Instructions

- Dispose of the binoculars in accordance with local regulations regarding electronic waste.
- Remove any batteries (if applicable) and dispose of them separately as per local guidelines.
- If the binoculars are no longer functioning, consider recycling them at an appropriate facility.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the PowerView 2 Binoculars, please refer to the official Bushnell website or your local retailer.

Final Notes

Please keep this safety instruction guide for future reference. It is important to stay informed about the proper use and care of your binoculars to ensure a safe and enjoyable experience. Thank you for choosing the PowerView 2 Binoculars, and happy observing!
