

GRIDLOK LITE HANDGUARD ASSEMBLY - STRIKE INDUSTRIES

GRIDLOK LITE 15" HANDGUARD ASSEMBLY BLACK

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

The Strike Industries GRIDLOK® LITE Rail for AR-15 takes innovation from GRIDLOK® but this is a 1-piece design to minimize weight and offer a cost-effective option. Using the same Patent Pending Quick Rail Detach system, there is no other handguard that can be removed at home or in the field on the market today. With the Quick Rail detach system, a simple push and pull of the of the quick detach (QD) latch, you have the handguard off in seconds to make any adjustments to an adjustable gas block or installation/removal of a suppressor. The QD latch has also been redesigned with a new locking button for earlier latch locking. Integrated into the front of the GRIDLOK® LITE is the built-in flip up backup iron sight (BUIS). Just about any M-LOK accessories can be attached and mounted along the length of the rail at 1, 3, 5, 6, 7, 9 and 11 o'clock positions giving you as many options as any handguard on the market. In the rear of the handguard you will find a integrated 360° free swivel QD socket for a 2-point setup. Rear tabs with set screws at the top the SI GRIDLOK® LITE help center the top rail to the upper receiver to ensure proper alignment. The cut in front was designed to help fit suppressors up to 1.57" (39.9mm) in diameter and of course all SI muzzle devices including the SI OPPRESSOR for those looking for that tucked look. The handguard is machined from 6061-T6 aluminum and the barrel nut is machined from 7000 series aluminum which excels in applications that require lightweight and high strength. The Strike Industries GRIDLOK® LITE for AR-15 brings you features and improvements from big brother GRIDLOK® but with a more lightweight and cost-effective option. COMPATIBILITY: Mil-Spec M4 upper receiver NOT COMPATIBLE: Piston gas block Some billet/side charging uppers 11", 15", 17" with A2 Front Sight Post gas block

Attributes

- Name: [STRIKE INDUSTRIES GRIDLOK LITE 15" HANDGUARD ASSEMBLY BLACK](#)

Safety Instruction Guide for GRILDLOK LITE Handguard Assembly

Introduction

Thank you for choosing the GRILDLOK LITE Handguard Assembly by Strike Industries. This guide provides essential safety information and instructions to ensure the safe and effective use of your product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as a handguard assembly for AR15 firearms.
- Always follow local laws and regulations regarding firearm accessories.
- Inspect the product for any damage or defects before use. Do not use if damaged.
- Keep the product out of reach of children and unauthorized users.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling and installing the product.
- Be aware of your surroundings and ensure that the firearm is pointed in a safe direction at all times.

Specific Safety Precautions for Use

- **Compatibility:** Ensure that the handguard assembly is compatible with your specific AR15 model. The GRILDLOK LITE is compatible with MilSpec M4 upper receivers but is not compatible with piston gas blocks or certain billet/side charging uppers.
- **Weight Limitations:** Be cautious of the weight of any accessories mounted on the handguard. Excessive weight may affect the stability and safety of the firearm.
- **Heat Management:** The handguard may become hot during use. Avoid contact with the handguard immediately after firing to prevent burns.
- **Installation of Accessories:** When attaching MLOK accessories, ensure they are securely fastened to prevent them from becoming loose during use.
- **Suppressor Use:** If using a suppressor, ensure it fits properly within the designed cut of the handguard to avoid any obstructions.

Instructions for Installation and Usage

1. Preparation:

- Gather the necessary tools, including a wrench for the barrel nut and any other tools required for your specific installation.
- Ensure the firearm is unloaded and safe to work on.

2. Installation:

- Remove the existing handguard from the upper receiver by following the manufacturer's instructions.
- Align the GRILDLOK LITE handguard with the upper receiver.
- Secure the handguard by tightening the barrel nut using the appropriate wrench. Ensure it is fastened to the manufacturer's torque specifications.
- Attach any desired MLOK accessories at the 1, 3, 5, 6, 7, 9, and 11 o'clock positions as needed.
- Ensure the integrated 360° free swivel QD socket is properly installed for a twopoint setup.

3. Usage:

- To detach the handguard for maintenance or adjustments, simply push and pull the quick detach (QD) latch.
- Make adjustments to the adjustable gas block or attach/remove a suppressor as needed.

4. PostInstallation Check:

- After installation, check that the handguard is securely attached and that all accessories are properly mounted.
- Perform a function check of the firearm to ensure everything operates correctly.

Disposal Instructions

- Dispose of the product responsibly and in accordance with local regulations.
- If the product is damaged or no longer in use, consider recycling the aluminum components where facilities exist.
- Do not dispose of any parts in regular household waste.

Contact Information for Further Support

For safety inquiries or further assistance, please contact the manufacturer or your local dealer. Ensure you have your product details ready for a more efficient service.

By following these guidelines and instructions, you can ensure the safe and effective use of your GRILDLOK LITE Handguard Assembly. Always prioritize safety and compliance with local laws. Thank you for your purchase.
