

# ROF-SAR FOR AIMPOINT MICRO - REPTILIA CORP ROF-SAR 30MM FOR AIMPOINT MICRO BLACK

[Optics & Mounting](#) > [Electronic Sights](#) > [Mounting Hardware](#)

The 30mm ROF-SAR is a drop-in upgrade for 30mm optics. The ROF-SAR adds a mounting point for an AIMPOINT® Micro (T1-T2-CompM5) to provide for quick transition to a non-magnified optic for close-range target engagement. The ROF-SAR allows for user to orient the Micro optic at their desired orientation around the magnified optic. Additionally, the Micro can be zeroed for use with use with subsonic cartridges such as 300 AAC Blackout, while allocating the magnified optic for use with supersonic ammunition. The 30mm ROF-SAR for Micro is immediately available in MIL-STD Type III, Class 2, hard anodize, black. Compatible with: Aimpoint® - Micro R-1, H-1, H-2, T-1, T-2, CompM5 Sig Sauer® - ROME04 , ROME05 & ROME0-MSR Vortex Optics® - Crossfire, Sparc I & II Primary Arms® - Classic Series Gen II, SLx Advanced Rotary Knob Microdot, & SLx Compact 1×20 Prism Scope - ACSS-Cyclops Holosun® Technologies - HS403(not HS403A), HE403, HS503, HE503, HS515, & HS530 Series

# Safety Instructions for ROFSAR for Aimpoint Micro

## Introduction

Thank you for choosing the ROFSAR for Aimpoint Micro. This product is designed to enhance your shooting experience by providing a reliable mounting solution for your optics. To ensure your safety and the safety of others, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure safe use of the ROFSAR by adhering to all instructions provided.
- Regularly inspect the ROFSAR for any signs of wear or damage.
- Use the ROFSAR only with compatible optics as specified in the product description.
- Keep this product out of reach of children and vulnerable individuals.
- In case of any malfunction or safety concern, discontinue use immediately and consult a qualified professional.

## Specific Safety Precautions for Use

- Always ensure that the mounting point is securely fastened before using the optic.
- Avoid using the ROFSAR in extreme conditions that may affect its performance, such as excessive heat or moisture.
- Do not modify or alter the ROFSAR in any way, as this may compromise its safety and functionality.
- Be mindful of the weight and balance of your setup; ensure that your firearm remains stable during use.
- If using subsonic cartridges, confirm that the optic is zeroed correctly to avoid misalignment.

## Instructions for Installation and Usage

### 1. Installation

- Remove the existing optic from your firearm.
- Align the ROFSAR with the mounting rail on your firearm.
- Securely fasten the ROFSAR using the provided screws and tools.
- Mount your AIMPOINT Micro optic onto the ROFSAR, ensuring it is oriented to your preference.
- Tighten all screws to ensure stability.

### 2. Usage

- Before each use, check the alignment of the optic and the ROFSAR.
- Practice safe handling of your firearm at all times.
- Use appropriate eye and ear protection when shooting.
- Familiarize yourself with the adjustments of your optic for optimal performance.

## Disposal Instructions

- Dispose of the ROFSAR in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer usable, consider recycling options where available.

## **Contact Information for Further Support**

For any safety inquiries or support regarding the ROFSAR, please reach out to the designated contact point in your region.

By following these safety instructions, you can ensure a safe and enjoyable experience with your ROFSAR for Aimpoint Micro. Thank you for your attention to safety and responsible usage.
