

ULTIMATE RED DOT MOUNTING SCREW PACK - SWAMPFOX OPTICS

ULTIMATE RED DOT MOUNTING SCREW PACK

[Optics & Mounting](#) > [Electronic Sights](#) > [Mounting Hardware](#)

We make great dot sights for your pistol. You have a slide, adapter plate, dovetail mount, or custom gunsmith cut. Putting them together? Its gotten complicated. Swampfox has your back with the Red Dot Screw Pack, containing 14 four-screw sets of various thread pitches and lengths. When you run into mounting trouble, these small-head, T10 screws are the most likely to be the “problem solvers” needed to attach Kingslayer, Liberty, Justice, and Sentinel to those slides and mounts. Five sets of Do It Yourself screws (6-32, 4-40, M3, M3.5, M4 pitches) deliberately feature a too-long-for-everything 14mm effective thread length. If all else fails, grab your Dremel or belt sander and trial-and-error cut them for a truly custom fit.

ULTIMATE RED DOT MOUNTING SCREW PACK

Safety Instruction Guide

Introduction

Thank you for choosing the ULTIMATE RED DOT MOUNTING SCREW PACK by Swampfox Optics. This product is designed to assist you in securely mounting your red dot sights to various firearms. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always handle the mounting screws and tools with care to avoid injury.
- Ensure that the product is used only for its intended purpose.
- Keep the product and its components out of reach of children and vulnerable individuals.
- Regularly inspect the screws and mounts for wear or damage before each use.
- If you have any concerns regarding the safety of this product, please report them to the appropriate authorities.

Specific Safety Precautions for Use

- **Potential Hazards:**

- Improper installation may lead to the red dot sight detaching during use, which can result in injury.
- Using screws that are not compatible with your firearm may cause damage or malfunction.

- **Avoiding Hazards:**

- Ensure that you are using the correct screw size and thread pitch for your specific firearm model.
- Do not overtighten screws, as this can strip the threads or damage the mounting surface.
- Always verify that the sight is securely mounted before use.

- **Agewise Warnings:**

- This product is not intended for use by individuals under the age of 18 without adult supervision.

Instructions for Installation and Usage

1. **Preparation:**

- Gather all necessary tools, including a T10 screwdriver.
- Ensure your workspace is clean and free from distractions.

2. **Selecting the Right Screws:**

- Choose the appropriate screw set from the pack based on the specifications of your firearm and red dot sight.
- Refer to the documentation of your sight for recommended screw sizes.

3. **Installation Steps:**

- Align the mounting plate or dovetail mount with the slide of your firearm.
- Insert the screws into the designated holes of the mount.
- Use the T10 screwdriver to tighten the screws, ensuring they are secure but not overly tight.

4. Final Checks:

- After installation, gently wiggle the sight to ensure it is firmly in place.
- Conduct a visual inspection to confirm there are no loose screws or misalignments.

Disposal Instructions

- Dispose of any unused or damaged screws in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for recycling options in your area.

Contact Information for Further Support

For any questions or concerns regarding the ULTIMATE RED DOT MOUNTING SCREW PACK, please contact the manufacturer or consult the product documentation for additional support.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities.
