

REAPER GRIP UPPER ASSEMBLY - KOPFJAGER REAPER GRIP UPPER ASSEMBLY

[Optics & Mounting](#) > [Spotting Scopes & Accessories](#) > [Spotting Scope Accessories](#)

The rock-solid Reaper Grip Upper Assembly is an easy add on accessory, yet essential for mounting directly on top of a ball-joint style tripod system with 3/8-16 threaded stud provides the same unshakeable stability as the Reaper Grip system. With no comparisons the Reaper Grip maximizes proper shooting techniques outside of the supported prone position. The Reaper Grip will anchor down most tapered and straight stocks and chassis with the non-slip grip sleeve. The Reaper Grip Upper Assembly also includes a thread insert to mount on 1/4-20 inch threaded studs. Features: Provides a sturdy base for long-range precision shooting, hunting, LEO and military operations. Locking grip fits most straight and tapered stocks and chassis. Compatible with most ball-head mount and tripods with a 3/8-16-inch threads. Heavy-duty construction is designed to tackle any harsh environments

REAPER GRIP UPPER ASSEMBLY Safety Instruction Guide

Introduction

Thank you for choosing the REAPER GRIP UPPER ASSEMBLY by KOPFJAGER. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. Please read the entire guide carefully before using the product to maximize safety and performance.

General Safety Guidelines

- Ensure safe use of the REAPER GRIP UPPER ASSEMBLY by following all instructions.
- Be aware of potential hazards associated with improper use.
- Always handle the product with care to prevent accidents and injuries.
- Keep this product out of reach of children and vulnerable individuals.
- Regularly check for product recalls and safety updates through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure that the REAPER GRIP UPPER ASSEMBLY is securely attached before use.
- Use the product only with compatible tripods and mounts that meet the specified requirements (3/816 inch threads).
- Avoid using the product in extreme weather conditions unless specifically designed for such use.
- Do not exceed the weight limits specified by the tripod or mount being used.
- Regularly inspect the product for signs of wear or damage before each use.
- If any damage is found, discontinue use immediately and contact customer support.

Instructions for Installation and Usage

Installation

1. **Check Compatibility:** Ensure that your tripod or mount is compatible with the REAPER GRIP UPPER ASSEMBLY (3/816 inch threads).
2. **Attach the Assembly:**
 - Align the threaded stud of your tripod with the corresponding thread insert on the REAPER GRIP UPPER ASSEMBLY.
 - Securely screw the assembly onto the tripod until it is firmly in place.
3. **Test Stability:** Before using the assembly, gently shake it to ensure it is securely attached and stable.

Usage

1. **Mounting Your Firearm:**
 - Place your firearm into the REAPER GRIP UPPER ASSEMBLY.
 - Ensure that the firearm is securely anchored using the nonslip grip sleeve.
2. **Adjusting for Comfort:**
 - Adjust the grip to ensure it fits comfortably with your shooting stance.
 - Make sure that the grip is locked in place before proceeding.
3. **Shooting:**
 - When ready to shoot, maintain a stable stance and ensure your grip is secure.
 - Always follow safe shooting practices and ensure that your shooting area is clear.

Disposal Instructions

- Dispose of the REAPER GRIP UPPER ASSEMBLY in accordance with local regulations.
- Do not dispose of the product in household waste.
- Check with local authorities for proper disposal methods for equipment and accessories.

Contact Information for Further Support

For safety inquiries or support regarding the REAPER GRIP UPPER ASSEMBLY, please refer to the contact information provided on the product packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective experience with your REAPER GRIP UPPER ASSEMBLY. Thank you for your attention to safety, and enjoy your product!
