

# **ZERO RELOADING PRESS EXTRA TURRET - 1-1/4"**

[Reloading](#) > [Reloading Presses](#) > [Reloading Press Accessories](#)

AREA 419 ZERO RELOADING PRESS EXTRA TURRET One of the beautiful parts of the ZERO is the ability to set up dies and not remove them, simply rotate or replace your turret to get to another die. With the addition of extra turrets there is virtually no limit to the number of calibers you can set up to run on the ZERO, and changing a turret takes about 20 seconds. Turret replacement is also repeatable to under .001". All turrets will come with a press-fit pull-stud and die stations laser marked with a number on the outer diameter of the head. 7/8" turrets come with 9 die stations, all 7/8" thread. This is your standard die size. SPECIFICATIONS: Weight: 5 lbs Dimensions: 8 x 8 x 4 in Die Thread Pattern: 7/8"

# ZERO RELOADING PRESS EXTRA TURRET Safety Instruction Guide

## Introduction

Thank you for choosing the ZERO RELOADING PRESS EXTRA TURRET. This guide provides essential safety instructions to ensure the safe and effective use of your reloading press. Please read this guide carefully before using the product.

## General Safety Guidelines

- Always use the reloading press in accordance with the manufacturer's instructions.
- Ensure that the workspace is clean, dry, and welllit.
- Keep the reloading press out of reach of children and pets.
- Regularly inspect the press for any signs of wear or damage.
- Use personal protective equipment (PPE) such as safety glasses and gloves while operating the press.
- Be aware of your surroundings and avoid distractions while using the press.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure that the turret is securely fastened before operation.
- Do not exceed the recommended weight limit for the press.
- Avoid placing hands or fingers near moving parts during operation.
- Use only compatible dies and accessories with the reloading press.
- Follow the manufacturer's guidelines for die setup and turret changes.
- If you notice any unusual noises or vibrations during operation, stop using the press immediately and inspect for issues.

## Instructions for Installation and Usage

### Installation

- Choose a Suitable Location:** Place the reloading press on a stable, flat surface that can support its weight.
- Secure the Press:** Use bolts or clamps to secure the press to the work surface if necessary.
- Attach the Turret:**
  - Align the turret with the press.
  - Press the turret into place until it is securely fitted.
  - Ensure the pullstud is properly engaged.

### Usage

- Set Up the Dies:**
  - Select the desired die and insert it into the turret.
  - Secure the die according to the manufacturer's instructions.
- Load the Press:** Place the cartridge case into the die station.
- Operate the Press:**
  - Pull the handle smoothly to perform the reloading operation.
  - Monitor the process and ensure no obstructions are present.
- Change Turrets:**
  - To switch to a different die, simply rotate or replace the turret.
  - Ensure the new turret is securely fitted before continuing.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local regulations.
- If the reloading press becomes damaged beyond repair, contact local waste management for proper disposal methods.
- Do not dispose of the press in regular household waste.

## **Contact Information for Further Support**

For any safety inquiries or further assistance, please refer to the contact information provided with your product packaging. It is important to have access to an EUbased contact for safetyrelated questions.

Thank you for your attention to these safety guidelines. Your safety is our priority, and we hope you enjoy using the ZERO RELOADING PRESS EXTRA TURRET.
