

ATLAS R-ONE M-LOK FREE FLOATING HANDGUARDS FOR AR-15 - AERO PRECISION ATLAS R-ONE 4.8" HANDGUARD M-LOK FREE FLOATING FOR AR-15 BLK

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

The ATLAS R-ONE is the newest addition to the Aero Precision Handguard lineup. Machined from 6061-T6 Aluminum, the R-ONE line of handguards are designed with size and weight in mind, providing the perfect handguard for your lightweight build. Our proprietary ATLAS attachment system is a durable and dependable mounting platform, maintaining a slim profile while still providing the strength and stability customers have grown to love from Aero Precision handguards. Available in KeyMod and M-LOK® profiles with 12" and 15" options (7" and 9" options coming soon). ATLAS The new Aero Taper Lock Attachment System (ATLAS) is both functional and aesthetically pleasing. It features 2 mirrored tapered locking nuts that provide evenly distributed clamping pressure across a custom engineered barrel nut with use of a turnbuckle screw. A ratcheting detent further secures the design while providing positive registration during installation. By design, the even pressure of the ATLAS system avoids distortion of the handguard often seen with current applications during installation. All hardware mounting parts are included with the purchase of an ATLAS Handguard. Lightweight By Design KeyMod Handguard Weights: 7" - 5.12 oz / 9" - 5.92 oz / 12" - 7.84 oz / 15" - 8.96 oz M-LOK Handguard Weights: 7" - 5.22 oz / 9" - 6.03 oz / 12" - 8 oz / 15" - 9.07 oz Mounting Hardware Weight: 4.72 oz (same across all ATLAS Handguard options) Features: Full top picatinny rail for optional attachments Quick disconnect sling socket at the 3, 6 and 9 o'clock positions Compatible with low profile gas blocks 1.3" Inside diameter 1.5" Outside diameter Compatible with mil-spec AR15 upper receivers and barrels ATLAS Handguards are designed to match seamlessly with our M4E1 Threaded Upper Receivers. Additionally, they are compatible with any Mil-Spec AR-15 upper receivers as well. However, they may not be compatible with billet upper receivers due to indexing tabs. Save when you buy them as a combo.

ATLAS RONE MLOK Free Floating Handguards

Safety Instructions

Introduction

Thank you for choosing the ATLAS RONE MLOK Free Floating Handguards for your AR15. This guide provides important safety information, installation instructions, and general usage guidelines to ensure a safe and effective experience with your new handguard. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that you are familiar with the operation of your AR15 before installing the handguard.
- Always handle firearms with care and follow all safety protocols.
- Check for any visible damage to the handguard before installation. Do not use if damaged.
- Use only compatible parts and accessories with the ATLAS RONE handguard.
- Keep the handguard and all firearm components out of reach of children and unauthorized users.
- If you experience any issues or suspect a defect, cease use and consult a qualified gunsmith or contact the manufacturer.

Specific Safety Precautions for Use

- Always wear appropriate eye protection when handling or firing your firearm.
- Ensure that the firearm is unloaded before attempting any installation or maintenance.
- Follow the manufacturer's instructions for the installation of the handguard to avoid improper fitment that could lead to injury.
- Be cautious of sharp edges during installation and handling.
- Ensure that all mounting hardware is securely tightened to prevent the handguard from coming loose during use.
- Regularly inspect the handguard for wear and tear, particularly after extensive use.

Instructions for Installation and Usage

1. Preparation

- Ensure that your AR15 is unloaded and in a safe working environment.
- Gather the necessary tools for installation, including a torque wrench and appropriate bits.

2. Installation Steps

- Remove the existing handguard from your AR15 by loosening the mounting screws and sliding it off.
- Align the ATLAS RONE handguard with the upper receiver, ensuring that the indexing tabs are properly seated.
- Install the proprietary ATLAS attachment system by following these steps:
 - Slide the barrel nut onto the barrel.
 - Position the tapered locking nuts and turnbuckle screw as per the instructions provided with the handguard.
 - Tighten the turnbuckle screw evenly to ensure proper clamping pressure across the barrel nut.
 - Use a torque wrench to ensure that the hardware is tightened to the manufacturer's specifications.
- Attach any desired accessories to the picatinny rail or MLOK slots as needed.

3. **PostInstallation Checks**

- Verify that the handguard is securely attached and does not wobble.
- Ensure that all accessories are properly mounted and do not obstruct firearm operation.

4. **Usage**

- When using your firearm with the ATLAS RONE handguard, maintain awareness of your surroundings and follow all standard firearm safety practices.
- Regularly check the handguard and mounting hardware for signs of wear or loosening during cleaning and maintenance.

Disposal Instructions

- Dispose of packaging materials in accordance with local regulations.
- If the handguard is damaged beyond repair, follow local guidelines for the disposal of aluminum products.
- Do not dispose of the handguard in regular household waste if it is still functional. Consider recycling options available in your area.

Contact Information for Further Support

For any safety inquiries or concerns regarding the ATLAS RONE handguard, please consult the manufacturer's website or contact your local dealer for assistance. Regularly check for updates on product recalls or safety notices via the EU Safety Gate platform.

By following these guidelines, you can ensure the safe and effective use of the ATLAS RONE MLOK Free Floating Handguards for your AR15. Thank you for prioritizing safety and responsible firearm ownership.
