

# MODULAR HEADSPACE COMPARATOR BULLET INSERTS - SHORT ACTION CUSTOMS 27 CALIBER MODULAR HEADSPACE COMPARATOR BULLET INSERT

[Reloading](#) > [Measuring Tools](#) > [Bullet Comparator Inserts](#)

Bullet Inserts for your Modular Headspace Comparator \*\*\*Requires Modular Headspace Comparator Body\*\*\* The Modular Headspace Body must be purchased separately and can be found at the Modular Headspace Comparator Body page. Why are you measuring a single point on the bullets ogive like all other bullet comparators do? This unique bullet comparator uses a 3.0 degree "lead angle" to contact your bullet's ogive in the exact same location as your barrel does, giving you the most accurate and useful measurements. For example, the 6.5mm Bullet Insert starts at a .266" diameter and angles down at 3.0 degrees to .256" diameter, exactly like a 6.5mm chambered barrel would. Manufactured from 17-4 Stainless Steel, these bullet inserts for the Modular Headspace Comparator are the most accurate way to measure your bullets and loaded ammunition for consistency.

## Attributes

- Name: [SHORT ACTION CUSTOMS 27 CALIBER MODULAR HEADSPACE COMPARATOR BULLET INSERT](#)
- Manufacturer: [SHORT ACTION CUSTOMS](#)
- Product no.: 100050118
- Mfr. No.: SAC-27BI
- Caliber: 27 Caliber
- Delivery weight: 0.034kg
- Shipping height: 25mm
- Shipping width: 89mm
- Shipping length: 102mm

# Safety Instruction Guide for Modular Headspace Comparator Bullet Inserts

## Introduction

Thank you for choosing the Modular Headspace Comparator Bullet Inserts from Short Action Customs. This guide provides important safety instructions to ensure the safe and effective use of this product. Please read this document carefully before use.

## General Safety Guidelines

- Ensure that the Modular Headspace Comparator Body is purchased separately and is compatible with the bullet inserts.
- Use the bullet inserts only for their intended purpose as specified in this guide.
- Always handle the bullet inserts with care to prevent injury.
- Keep the bullet inserts out of reach of children and vulnerable individuals.
- Regularly inspect the bullet inserts for any signs of damage or wear before use.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as safety glasses and gloves, when using the bullet inserts.
- Avoid using the bullet inserts in environments with excessive moisture, heat, or corrosive substances.
- Do not attempt to modify or alter the bullet inserts in any way.
- Ensure that the bullet inserts are clean and free from debris before use to maintain accuracy.
- Use caution when measuring bullets to avoid injury from sharp edges or points.

## Instructions for Installation and Usage

### 1. Installation of Bullet Inserts:

- Ensure that the Modular Headspace Comparator Body is securely assembled.
- Select the appropriate bullet insert for your caliber (27 caliber).
- Insert the bullet insert into the Modular Headspace Comparator Body until it is firmly in place.

### 2. Using the Bullet Inserts:

- Place the bullet to be measured in the comparator with the ogive facing the bullet insert.
- Gently lower the comparator until the bullet's ogive contacts the bullet insert at the specified lead angle.
- Take the measurement as per your reloading specifications.
- After use, carefully remove the bullet and clean the bullet insert to maintain its precision.

## Disposal Instructions

- Dispose of any damaged or worn bullet inserts in accordance with local waste disposal regulations.
- Do not dispose of bullet inserts in regular household waste. Instead, use designated recycling or hazardous waste facilities if applicable.

## Contact Information for Further Support

For further assistance or inquiries regarding safety or product usage, please refer to the manufacturer's website

or customer service resources.

Thank you for following these safety instructions. Your safety is our priority, and we appreciate your commitment to responsible usage of our products.
