

# MODULAR HEADSPACE COMPARATOR BULLET INSERTS - SHORT ACTION CUSTOMS 20 CALIBER MODULAR HEADSPACE COMPARATOR BULLET INSERT

[Reloading](#) > [Measuring Tools](#) > [Bullet Comparator Inserts](#)

Bullet Inserts for your Modular Headspace Comparator \*\*\*Requires Modular Headspace Comparator Body\*\*\* The Modular Headspace Body must be purchased separately and can be found at the Modular Headspace Comparator Body page. Why are you measuring a single point on the bullets ogive like all other bullet comparators do? This unique bullet comparator uses a 3.0 degree ""lead angle"" to contact your bullet's ogive in the exact same location as your barrel does, giving you the most accurate and useful measurements. For example, the 6.5mm Bullet Insert starts at a .266"" diameter and angles down at 3.0 degrees to .256"" diameter, exactly like a 6.5mm chambered barrel would. Manufactured from 17-4 Stainless Steel, these bullet inserts for the Modular Headspace Comparator are the most accurate way to measure your bullets and loaded ammunition for consistency.

## Attributes

- Name: [SHORT ACTION CUSTOMS 20 CALIBER MODULAR HEADSPACE COMPARATOR BULLET INSERT](#)
- Manufacturer: [SHORT ACTION CUSTOMS](#)
- Product no.: 100050120
- Mfr. No.: SAC-20BI
- Caliber: 20 Caliber (.204)

# Safety Instruction Guide for Modular Headspace Comparator Bullet Inserts

## Introduction

Thank you for choosing the Modular Headspace Comparator Bullet Inserts by Short Action Customs. These bullet inserts are designed to enhance the accuracy of your ammunition measurements. Please read this safety instruction guide carefully to ensure safe handling and usage.

## General Safety Guidelines

- Ensure that all safety precautions are taken when using this product.
- Always handle ammunition and related equipment responsibly.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for any updates or recalls related to this product on the EU's Safety Gate platform.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use the Modular Headspace Comparator Bullet Inserts only with the compatible Modular Headspace Comparator Body.
- Inspect the bullet inserts for any damage or defects before use. Do not use if damaged.
- Always wear appropriate safety gear, including eye protection, when measuring or handling ammunition.
- Avoid contact with sharp edges to prevent cuts or injuries.
- Ensure that the working area is clean and free from distractions to maintain focus during use.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that you have the Modular Headspace Comparator Body, as the bullet inserts require it for operation.
- Align the bullet insert with the comparator body, ensuring a snug fit.
- Secure the bullet insert in place, following the manufacturer's instructions for your specific comparator model.

### 2. Usage:

- Carefully insert the bullet into the comparator body with the bullet insert attached.
- Measure the bullet's ogive at the designated location, following the lead angle provided by the bullet insert.
- Record your measurements for consistency in your reloading process.
- After use, remove the bullet insert and clean it according to the manufacturer's recommendations.

## Disposal Instructions

- Dispose of any damaged or unusable bullet inserts in accordance with local regulations.
- Do not throw bullet inserts in regular household waste. Instead, take them to a designated recycling or hazardous waste facility if applicable.
- Ensure that all remnants of ammunition are disposed of safely and responsibly.

## **Contact Information for Further Support**

For any questions or concerns regarding the Modular Headspace Comparator Bullet Inserts, please refer to the manufacturer's website or contact their customer support for assistance.

Thank you for your attention to these safety guidelines. Enjoy your experience with the Modular Headspace Comparator Bullet Inserts while prioritizing safety and accuracy.
