

MODULAR HEADSPACE COMPARATOR BULLET INSERTS - SHORT ACTION CUSTOMS 17 CALIBER MODULAR HEADSPACE COMPARATOR BULLET INSERT

[Reloading](#) > [Measuring Tools](#) > [Bullet Comparator Inserts](#)

Bullet Inserts for your Modular Headspace Comparator ***Requires Modular Headspace Comparator Body*** The Modular Headspace Body must be purchased separately and can be found at the Modular Headspace Comparator Body page. Why are you measuring a single point on the bullets ogive like all other bullet comparators do? This unique bullet comparator uses a 3.0 degree "lead angle" to contact your bullet's ogive in the exact same location as your barrel does, giving you the most accurate and useful measurements. For example, the 6.5mm Bullet Insert starts at a .266" diameter and angles down at 3.0 degrees to .256" diameter, exactly like a 6.5mm chambered barrel would. Manufactured from 17-4 Stainless Steel, these bullet inserts for the Modular Headspace Comparator are the most accurate way to measure your bullets and loaded ammunition for consistency.

Attributes

- Name: [SHORT ACTION CUSTOMS 17 CALIBER MODULAR HEADSPACE COMPARATOR BULLET INSERT](#)
- Manufacturer: [SHORT ACTION CUSTOMS](#)
- Product no.: 100050121
- Mfr. No.: SAC-17BI
- Caliber: 17 Caliber (.177)
- Delivery weight: 0.039kg
- Shipping height: 25mm
- Shipping width: 76mm
- Shipping length: 108mm

Safety Instruction Guide for Modular Headspace Comparator Bullet Inserts

Introduction

Thank you for choosing the Modular Headspace Comparator Bullet Inserts. These inserts are designed to enhance the accuracy of your measurements when reloading ammunition. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always ensure that the Modular Headspace Comparator Body is properly attached before using the bullet inserts.
- Handle all components with care to avoid damage.
- Store the bullet inserts in a safe place, out of reach of children and pets.
- Regularly inspect the bullet inserts for any signs of wear or damage before use.
- Follow all local laws and regulations regarding ammunition and reloading practices.

Specific Safety Precautions for Use

- Use the Modular Headspace Comparator Bullet Inserts only for their intended purpose: measuring bullet ogives.
- Avoid applying excessive force when using the bullet inserts to prevent damage.
- Ensure that the bullet insert is clean and free from debris before use to maintain accuracy.
- Do not use the bullet inserts if they show signs of corrosion or significant wear.
- If using in conjunction with other tools, ensure compatibility to prevent accidents.

Instructions for Installation and Usage

1. Installation of Bullet Inserts:

- Ensure that you have the Modular Headspace Comparator Body. The bullet inserts cannot be used without it.
- Align the bullet insert with the Modular Headspace Comparator Body.
- Securely attach the bullet insert by following the manufacturer's instructions provided with the comparator body.

2. Using the Bullet Inserts:

- Place the bullet into the bullet insert, ensuring it is seated correctly.
- Adjust the comparator to contact the bullet's ogive at the specified lead angle of 3.0 degrees.
- Take your measurement as per your reloading requirements.
- Record your measurements for consistency in your reloading process.

3. PostUse Care:

- After use, clean the bullet insert to remove any residue.
- Store the bullet insert in its designated case or location to prevent damage.

Disposal Instructions

- Dispose of any damaged or worn bullet inserts in accordance with local regulations.
- Do not dispose of the bullet inserts in regular household waste. Instead, contact local waste management

authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries or support regarding the Modular Headspace Comparator Bullet Inserts, please refer to the manufacturer's website or customer support resources.

By following these safety instructions, you can ensure a safe and effective experience with your Modular Headspace Comparator Bullet Inserts. Thank you for your commitment to safety and accuracy in your reloading practices.
