

# MODULAR HEADSPACE COMPARATOR BULLET INSERTS - SHORT ACTION CUSTOMS 6.5MM MODULAR HEADSPACE COMPARATOR BULLET INSERT

[Reloading](#) > [Measuring Tools](#) > [Bullet Comparator Inserts](#)

Bullet Inserts for your Modular Headspace Comparator \*\*\*Requires Modular Headspace Comparator Body\*\*\* The Modular Headspace Body must be purchased separately and can be found at the Modular Headspace Comparator Body page. Why are you measuring a single point on the bullets ogive like all other bullet comparators do? This unique bullet comparator uses a 3.0 degree ""lead angle"" to contact your bullet's ogive in the exact same location as your barrel does, giving you the most accurate and useful measurements. For example, the 6.5mm Bullet Insert starts at a .266"" diameter and angles down at 3.0 degrees to .256"" diameter, exactly like a 6.5mm chambered barrel would. Manufactured from 17-4 Stainless Steel, these bullet inserts for the Modular Headspace Comparator are the most accurate way to measure your bullets and loaded ammunition for consistency.

## Attributes

- Name: [SHORT ACTION CUSTOMS 6.5MM MODULAR HEADSPACE COMPARATOR BULLET INSERT](#)
- Manufacturer: [SHORT ACTION CUSTOMS](#)
- Product no.: 100050124
- Mfr. No.: SAC-65MMBI
- Caliber: 264/6.5 mm (.264)
- Delivery weight: 0.036kg
- Shipping height: 25mm
- Shipping width: 89mm
- Shipping length: 102mm

# Safety Instruction Guide for Modular Headspace Comparator Bullet Inserts

## Introduction

Thank you for choosing the Modular Headspace Comparator Bullet Inserts from Short Action Customs. This guide provides essential safety instructions and usage information to ensure a safe and effective experience with your product. Please read this guide carefully before using the bullet inserts.

## General Safety Guidelines

- Ensure that you are using the bullet inserts with the compatible Modular Headspace Comparator Body.
- Keep the bullet inserts out of reach of children and vulnerable individuals.
- Regularly inspect the bullet inserts for signs of wear or damage before each use.
- Follow all manufacturer instructions and guidelines for safe handling and usage.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Always wear appropriate eye protection when handling or measuring ammunition.
- Avoid contact with sharp edges or points on the bullet inserts.
- Do not attempt to modify or alter the bullet inserts in any way.
- Use the bullet inserts only for their intended purpose of measuring bullets and loaded ammunition.
- Ensure that the working area is clean and free from distractions while using the bullet inserts.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure that you have the Modular Headspace Comparator Body, as the bullet inserts require it for proper use.
- Gather all necessary tools and materials before starting.

### 2. Installation

- Carefully insert the bullet insert into the Modular Headspace Comparator Body until it is securely in place.
- Ensure that the insert is properly aligned and seated to avoid measurement errors.

### 3. Usage

- Place the bullet to be measured into the comparator body with the bullet insert.
- Apply gentle pressure to ensure contact between the bullet's ogive and the bullet insert.
- Read the measurement as indicated on the comparator body.
- Remove the bullet and bullet insert after measuring to avoid any potential damage.

## Disposal Instructions

- Dispose of any damaged or worn bullet inserts in accordance with local regulations.
- Do not throw bullet inserts in regular household waste. Instead, check for recycling options or hazardous waste disposal facilities in your area.

## **Contact Information for Further Support**
