

MODULAR HEADSPACE COMPARATOR BULLET INSERTS - SHORT ACTION CUSTOMS 338 CALIBER MODULAR HEADSPACE COMPARATOR BULLET INSERT

[Reloading](#) > [Measuring Tools](#) > [Bullet Comparator Inserts](#)

Bullet Inserts for your Modular Headspace Comparator ***Requires Modular Headspace Comparator Body*** The Modular Headspace Body must be purchased separately and can be found at the Modular Headspace Comparator Body page. Why are you measuring a single point on the bullets ogive like all other bullet comparators do? This unique bullet comparator uses a 3.0 degree "lead angle" to contact your bullet's ogive in the exact same location as your barrel does, giving you the most accurate and useful measurements. For example, the 6.5mm Bullet Insert starts at a .266" diameter and angles down at 3.0 degrees to .256" diameter, exactly like a 6.5mm chambered barrel would. Manufactured from 17-4 Stainless Steel, these bullet inserts for the Modular Headspace Comparator are the most accurate way to measure your bullets and loaded ammunition for consistency.

Attributes

- Name: [SHORT ACTION CUSTOMS 338 CALIBER MODULAR HEADSPACE COMPARATOR BULLET INSERT](#)
- Manufacturer: [SHORT ACTION CUSTOMS](#)
- Product no.: 100050128
- Mfr. No.: SAC-338BI
- Caliber: 338 Caliber (.338)
- Delivery weight: 0.034kg
- Shipping height: 25mm
- Shipping width: 89mm
- Shipping length: 102mm

Safety Instruction Guide for Modular Headspace Comparator Bullet Inserts

Introduction

Thank you for choosing the Modular Headspace Comparator Bullet Inserts from Short Action Customs. This guide provides essential safety information and instructions to ensure the safe and effective use of your product. Please read this document carefully before using the bullet inserts.

General Safety Guidelines

- Ensure that you understand the purpose and function of the Modular Headspace Comparator Bullet Inserts before use.
- Always use the bullet inserts in conjunction with the Modular Headspace Comparator Body, which must be purchased separately.
- Keep the bullet inserts out of reach of children and vulnerable individuals to prevent accidents.
- Regularly inspect the bullet inserts for any signs of damage or wear. Do not use damaged inserts.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use the bullet inserts only for their intended purpose: measuring bullet ogives for reloading and ammunition consistency.
- Avoid using excessive force when inserting or removing the bullet inserts to prevent damage.
- Ensure that the bullet inserts are clean and free from debris before each use.
- Always wear appropriate eye protection when handling ammunition and reloading equipment.
- Be mindful of your surroundings and ensure that you are in a safe environment when using the bullet inserts.

Instructions for Installation and Usage

1. Installation:

- Obtain the Modular Headspace Comparator Body, as the bullet inserts require this component for use.
- Carefully align the bullet insert with the comparator body, ensuring it fits securely.
- Gently push the bullet insert into place until it is fully seated in the comparator body.

2. Usage:

- Select the bullet you wish to measure and ensure it is clean and free from obstructions.
- Insert the bullet into the bullet insert, ensuring proper alignment.
- Gently push the bullet into the insert until it contacts the lead angle.
- Take your measurement according to the guidelines provided with your comparator body.
- After use, carefully remove the bullet from the insert and store it safely.

Disposal Instructions

- Dispose of any damaged or unusable bullet inserts in accordance with local regulations.
- Do not dispose of bullet inserts in household waste. Contact your local waste management facility for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Modular Headspace Comparator Bullet Inserts, please contact your local distributor or retailer for assistance.

Thank you for prioritizing safety and compliance with these guidelines. Your adherence to these instructions will help ensure a safe and effective experience with your Modular Headspace Comparator Bullet Inserts.
