

MODULAR HEADSPACE COMPARATOR INSERTS - SHORT ACTION CUSTOMS 338 CALIBER X 20° MODULAR HEADSPACE COMPARATOR INSERT

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

Headspace Inserts for your Modular Headspace Comparator ***Requires Modular Headspace Comparator Body*** The Modular Headspace Body must be purchased separately and can be found at the Modular Headspace Comparator Body page. New Modular Design for the most accurate cartridge headspace and bullet measurements available! Newly designed Modular Headspace Comparator (MHC) is an updated version of the highly successful dedicated Headspace Comparator that SAC previously made out of 6061 aluminum. They improved on its design allowing the new MHC to be used with cartridges up to 338 Lapua Magnum and more. Each bullet and headspace insert is precision machined out of 17-4 Stainless Steel for increased durability and corrosion resistance. Simply put, these are the highest quality headspace and bullet measuring tools available.

Safety Instruction Guide for Modular Headspace Comparator Inserts

Introduction

Thank you for choosing the Modular Headspace Comparator Inserts from Short Action Customs. This guide provides essential safety instructions and usage guidelines to ensure safe and effective operation of the product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that the Modular Headspace Comparator Body is purchased separately and is compatible with the inserts.
- Use the product only for its intended purpose as described in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before each use.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using the headspace comparator.
- Avoid using the product in wet or damp conditions to prevent corrosion.
- Ensure that your work area is clean and free of clutter to avoid accidents.
- Do not force the inserts into the comparator body; they should fit snugly without excessive pressure.
- Handle the inserts with care, as they are precision machined and can be damaged if dropped or mishandled.

Instructions for Installation and Usage

Installation

1. **Prepare Your Work Area:** Ensure your work surface is clean and dry.
2. **Check Compatibility:** Verify that you have the correct Modular Headspace Comparator Body for your inserts.
3. **Insert Installation:**
 - Align the headspace insert with the comparator body.
 - Gently slide the insert into the body until it is securely in place.
 - Ensure that the insert is seated properly and does not wobble.

Usage

1. **Measuring Headspace:**
 - Place the cartridge into the comparator with the insert.
 - Ensure the cartridge is seated correctly against the insert.
 - Take your measurement as per the instructions provided with the comparator body.
2. **Measuring Bullet Length:**
 - Use the appropriate insert for the bullet you wish to measure.
 - Align the bullet with the insert and take the measurement as instructed.
3. **PostUse Care:**

- Clean the inserts after each use to prevent contamination and wear.
- Store the inserts in a safe, dry place when not in use.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- Consider recycling options for metal components if applicable.

Contact Information for Further Support

For any inquiries regarding safety or product support, please contact your local retailer or the manufacturer directly. Ensure to have your product details ready for a more efficient response.

By following these guidelines, you can ensure the safe and effective use of your Modular Headspace Comparator Inserts. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
