

MODULAR HEADSPACE COMPARATOR INSERTS - SHORT ACTION CUSTOMS 300 WINCHESTER MAGNUM MODULAR HEADSPACE COMPARATOR INSERT

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

Headspace Inserts for your Modular Headspace Comparator ***Requires Modular Headspace Comparator Body*** The Modular Headspace Body must be purchased separately and can be found at the Modular Headspace Comparator Body page. New Modular Design for the most accurate cartridge headspace and bullet measurements available! Newly designed Modular Headspace Comparator (MHC) is an updated version of the highly successful dedicated Headspace Comparator that SAC previously made out of 6061 aluminum. They improved on its design allowing the new MHC to be used with cartridges up to 338 Lapua Magnum and more. Each bullet and headspace insert is precision machined out of 17-4 Stainless Steel for increased durability and corrosion resistance. Simply put, these are the highest quality headspace and bullet measuring tools available.

Safety Instruction Guide for Modular Headspace Comparator Inserts

Introduction

Thank you for choosing the Modular Headspace Comparator Inserts for your precision measuring needs. These inserts are designed to provide the most accurate cartridge headspace and bullet measurements available. Please read this safety instruction guide carefully to ensure safe use and compliance with EU regulations.

General Safety Guidelines

- Always ensure that the Modular Headspace Comparator Body is used with these inserts. The body must be purchased separately.
- Use the product only for its intended purpose of measuring cartridge headspace and bullet dimensions.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Regularly inspect the product for any signs of damage or wear. Do not use damaged components.
- Report any unsafe products or accidents to appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the Modular Headspace Comparator is assembled correctly before use.
- Handle the stainless steel inserts with care to avoid injury from sharp edges.
- Wear appropriate safety gear, such as safety glasses, when using the product, especially in a workshop environment.
- Avoid using excessive force when measuring, as this could lead to inaccurate readings or damage to the inserts.
- Store the inserts in a dry, safe place to prevent corrosion and damage.

Instructions for Installation and Usage

1. Assembly:

- Ensure that you have the Modular Headspace Comparator Body.
- Align the headspace insert with the body and secure it as per the manufacturer's instructions.

2. Measuring Headspace:

- Insert the cartridge into the comparator body with the headspace insert attached.
- Ensure that the cartridge is seated properly against the insert.
- Take the measurement reading carefully without applying excessive force.

3. Measuring Bullet Dimensions:

- Place the bullet into the comparator body with the appropriate insert.
- Ensure that the bullet is seated correctly against the insert.
- Record the measurement as needed.

4. PostUse Care:

- After use, clean the inserts with a soft cloth to remove any debris or residue.
- Store the inserts in their designated case or container to protect them from damage.

Disposal Instructions

- Dispose of any damaged or worn inserts according to local regulations for metal waste.
- Do not dispose of the product in household waste. Instead, check for recycling options in your area.

Contact Information for Further Support

For any inquiries or support regarding the Modular Headspace Comparator Inserts, please refer to the manufacturer's website or customer service resources.

By following these guidelines, you can ensure safe and effective use of your Modular Headspace Comparator Inserts. Thank you for your attention to safety and compliance.
