

MODULAR HEADSPACE COMPARATOR INSERTS - SHORT ACTION CUSTOMS 33 XC MODULAR HEADSPACE COMPARATOR INSERT

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

Headspace Inserts for your Modular Headspace Comparator ***Requires Modular Headspace Comparator Body*** The Modular Headspace Body must be purchased separately and can be found at the Modular Headspace Comparator Body page. New Modular Design for the most accurate cartridge headspace and bullet measurements available! Newly designed Modular Headspace Comparator (MHC) is an updated version of the highly successful dedicated Headspace Comparator that SAC previously made out of 6061 aluminum. They improved on its design allowing the new MHC to be used with cartridges up to 338 Lapua Magnum and more. Each bullet and headspace insert is precision machined out of 17-4 Stainless Steel for increased durability and corrosion resistance. Simply put, these are the highest quality headspace and bullet measuring tools available.

Safety Instruction Guide for Modular Headspace Comparator Inserts

Introduction

Thank you for choosing the Modular Headspace Comparator Inserts from Short Action Customs. These inserts are designed to enhance the accuracy of your cartridge headspace and bullet measurements. This guide provides essential safety instructions to ensure your safe use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand the user manual before using the product.
- Ensure you are using the Modular Headspace Comparator Inserts only with the compatible Modular Headspace Comparator Body.
- Inspect the inserts for any visible damage before each use. Do not use damaged inserts.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use the Modular Headspace Comparator Inserts only for their intended purpose, which is to measure cartridge headspace and bullet dimensions.
- Wear appropriate personal protective equipment (PPE), such as safety glasses, when using the inserts to prevent injury.
- Ensure a stable and secure work area to prevent accidents during measurement.
- Avoid contact with sharp edges of the inserts to prevent cuts or injuries.
- Do not attempt to modify or alter the inserts in any way.

Instructions for Installation and Usage

1. Installation

- Ensure you have the Modular Headspace Comparator Body, as the inserts require it for use.
- Align the insert with the corresponding slot in the Modular Headspace Comparator Body.
- Gently push the insert into place until it is securely fitted.

2. Usage

- Select the appropriate insert for the cartridge you are measuring.
- Place the cartridge in the insert, ensuring it is seated properly.
- Use the comparator body to take measurements as per the guidelines provided in the body's manual.
- After use, carefully remove the cartridge and the insert from the comparator body.

3. PostUsage Care

- Clean the inserts with a soft cloth to remove any debris or residue.
- Store the inserts in a safe and dry place, away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of the Modular Headspace Comparator Inserts in accordance with local regulations.
- If the inserts are damaged or no longer in use, consider recycling them if possible, as they are made from durable materials.

Contact Information for Further Support

For any inquiries regarding safety, usage, or product support, please contact the EUbased customer support for assistance. Always refer to the official website or product documentation for the most accurate contact details.

By following these safety instructions, you can ensure a safe and effective experience with your Modular Headspace Comparator Inserts. Thank you for your attention to these guidelines.
