

GAS CONTROLS ADJUSTABLE GAS BLOCK - RIFLESPEED GAS CONTROL 4.3" MODEL RS7543 0.750"DIAMETER

[Rifle Parts](#) > [Gas System Parts](#) > [Gas Blocks](#)

The revolutionary RIFLESPEED™ Gas Control System (US Patent #US20200116446A1, additional patents issued and pending) makes controlling your rifle's gas flow reliable, repeatable, and foolproof. Need more gas? Turn it up. Need less gas? Turn it down. With the easy-to-grasp Control Knob, it's that simple and no tools are required. The highly visible numbering on the Control Knob ensures that you'll always know your setting. Return to a previous setting instantly by simply turning the Control Knob. Each setting is indicated by a highly tactile ""click"" for use during times of reduced visibility. Two separate rotation ranges with numbered settings 1-12 and multiple Plunger sizes cover the adjustment requirements for every available cartridge. The patented Rotation Stop feature prevents unintentional disassembly. Uses RIFLESPEED straight gas tubes Designed for the most rigorous Military or LE Duty Use, RIFLESPEED Gas Controls are also ideal for defensive use, competition, recreational shooting, or hunting. RIFLESPEED Gas Controls are durable and proven to perform through tens of thousands of rounds of ammunition spent in developmental and destructive testing. Gas Controls from RIFLESPEED are the ultimate solution to the problems of operating hard-use carbines in varying conditions, configurations, and environments. With complete control of the gas that's delivered to the action of your rifle with each shot you'll enjoy increased reliability, reduced recoil, reduced muzzle rise, less aiming disruption, less wear and tear on your rifle, and improved accuracy. Set your RIFLESPEED Gas Control for ideal performance with light commercial ammo or higher-pressure milspec ammo. Dial your gas system in for ideal performance in extreme heat or frigid cold conditions. Enjoy optimal performance with or without a suppressor. With a properly adjusted gas system you can eliminate the need to use exceedingly heavy buffers. Once you experience the advantages of using a RIFLESPEED Gas Control, you'll never want to shoot anything else.

Attributes

- Name: [RIFLESPEED GAS CONTROL 4.3" MODEL RS7543 0.750"DIAMETER](#)
- Manufacturer: [RIFLESPEED](#)
- Product no.: 100050263
- Mfr. No.: US0102
- Inside Diameter: .750
- Make: -
- Material: -
- Style: Adjustable
- Delivery weight: 0.186kg
- Shipping height: 38mm
- Shipping width: 102mm
- Shipping length: 178mm

Safety Instruction Guide for RIFLESPEED Gas Control System

Introduction

Thank you for choosing the RIFLESPEED Gas Control System. This guide provides essential safety information and instructions for the safe use, installation, and disposal of your gas control system. It is crucial to read and understand this guide to ensure safe operation and compliance with EU safety regulations.

General Safety Guidelines

- Ensure that the gas control system is installed and used by individuals who are knowledgeable about firearms and gasoperated systems.
- Always handle firearms with care and follow all applicable laws and regulations.
- Keep the gas control system out of reach of children and unauthorized users.
- Regularly inspect the gas control system for signs of wear or damage before use.
- If you suspect any faults or issues with the gas control system, cease use immediately and consult a qualified professional.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when operating firearms equipped with the RIFLESPEED Gas Control System.
- Ensure the firearm is pointed in a safe direction at all times during operation.
- Do not adjust the gas control while the firearm is loaded or in use.
- Be aware of your surroundings and ensure that you have a clear line of sight and a safe backdrop when firing.
- Avoid using the gas control system in extreme weather conditions that may affect its operation unless specifically designed for such use.
- Follow the manufacturer's recommendations for gas settings based on the type of ammunition used.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and safe to work on before beginning installation.
- Remove the existing gas block if applicable, following the manufacturer's instructions.
- Install the RIFLESPEED Gas Control System according to the following steps:
 - Align the gas block with the gas port on the barrel.
 - Securely fasten the gas block in place using the provided hardware.
 - Confirm that the gas control system is properly seated and aligned.

2. Usage:

- To adjust the gas flow:
 - Turn the Control Knob clockwise to increase gas flow.
 - Turn the Control Knob counterclockwise to decrease gas flow.
- Use the numbered settings (112) as a reference for gas adjustments.
- Listen for the audible "click" indicating each setting change.
- After adjusting, test the firearm in a safe environment to ensure proper function.
- Return to a previous setting by simply turning the Control Knob back to the desired number.

Disposal Instructions

- Dispose of the RIFLESPEED Gas Control System in accordance with local regulations for nonhazardous waste.
- Do not dispose of the gas control system in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety, usage, or support related to the RIFLESPEED Gas Control System, please consult the manufacturer's website or customer service for assistance.

By following these guidelines and instructions, you can ensure the safe and effective use of your RIFLESPEED Gas Control System. Always prioritize safety and compliance with local laws when operating firearms.
