

# RIFLE FACTORY CRIMP DIES - LEE PRECISION 458 WIN MAG FACTORY CRIMP DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Lee Factory Crimp Die crimps the bullet in place more firmly than any other tool Tests demonstrate that even bullets which have no crimp groove will shoot more accurately A firm crimp improves accuracy because pressure must build to a higher level before the bullet begins to move. This higher start pressure insures a more uniform pressure curve and less velocity variation Features a collet that squeezes the case mouth into the crimping groove for a firm hold Shellholder not included Fits all 7/8"-14 reloading presses

## Attributes

- Name: [LEE PRECISION 458 WIN MAG FACTORY CRIMP DIE](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 100053144
- Mfr. No.: 90969

# Safety Instruction Guide for Lee Precision 458 Winchester Magnum Factory Crimp Die

## Introduction

Thank you for choosing the Lee Precision 458 Winchester Magnum Factory Crimp Die. This guide provides essential safety instructions and guidelines to ensure the safe use and handling of this product. Please read this manual carefully before using the die to understand how to operate it safely and effectively.

## General Safety Guidelines

- Always follow the manufacturer's instructions when using the crimp die.
- Ensure that the reloading press is in good working condition before using the die.
- Keep the workspace clean and organized to prevent accidents.
- Store the die in a secure location away from children and pets.
- Wear appropriate safety gear, such as safety glasses and gloves, when reloading ammunition.

## Specific Safety Precautions for Use

- **Potential Hazards:**
  - Risk of injury from sharp edges or moving parts.
  - Risk of improper crimping leading to ammunition malfunction.
- **Avoiding Hazards:**
  - Always ensure that the die is properly installed before use.
  - Do not attempt to modify the die or use it for any purpose other than its intended use.
  - Keep hands and loose clothing away from moving parts during operation.
  - Do not exceed the recommended load specifications for the ammunition being reloaded.
- **Age Restrictions:**
  - This product is intended for use by individuals aged 18 years and older. Keep out of reach of children.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the reloading press is securely mounted to a stable surface.
- Remove any existing die from the press and clean the threads to ensure a proper fit.
- Screw the Lee Precision 458 Winchester Magnum Factory Crimp Die into the press until snug. Do not overtighten.
- Insert the appropriate shellholder into the press according to the manufacturer's instructions.

### 2. Usage:

- Prepare your ammunition cases and bullets as per standard reloading practices.
- Insert the prepared case into the shellholder.
- Adjust the crimp die to achieve the desired crimp by turning the adjustment knob.
- Operate the press to crimp the bullet into the case. Ensure that the bullet is seated correctly before crimping.
- Inspect the finished cartridge for proper crimp and overall quality.

## **Disposal Instructions**

- Dispose of any unused or damaged ammunition components in accordance with local regulations.
- Do not throw the die or any reloading components in regular trash. Check with local authorities for proper disposal methods.
- If the die is no longer usable, consider recycling the materials if possible.

## **Contact Information for Further Support**

For any safety inquiries or further assistance, please refer to the manufacturer's contact information provided with your product packaging. Always ensure that you have the latest updates regarding safety and recalls by checking the EU's Safety Gate platform.

Thank you for prioritizing safety while using the Lee Precision 458 Winchester Magnum Factory Crimp Die. Your adherence to these guidelines helps ensure a safe reloading experience.
