

REMINGTON 700 GEN 4 X-RAY CHASSIS - REMINGTON 700 SA X-RAY CHASSIS SAKO GREEN

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

X-Ray Chassis (Generation 4) Unprecedented value...This is what the X-Ray chassis provides to you. When you pick up the X-Ray, it will feel nice and light compared to other chassis. You'll have nearly identical ergonomics to the Whiskey-3 with only a little more time involved in adjusting the different aspects like the length of pull. Furthermore, you'll have all the standard benefits of a chassis like the use of AICS magazines, a variety of mounting points for slings, barrier stops, etc., and aluminum block bedding for the action while not having to sell off a kidney to pay the price of admission. To accomplish Kinetic Research Group's design intent, we kept the features that everyone wants and needs and eliminated those that weren't necessary. Then they utilized efficient manufacturing processes to keep production costs down and in turn keep the price to the shooter down. The end result is a hybrid aluminum and polymer chassis that we think you'll love. Kinetic Research Group is proud to present the X-Ray chassis, the result of years of careful design, thought, refinement, and hard work. The change is a new one piece backend, which comes standard with tool-less buttpad height and cant adjustment, as well as an ambidextrous cheekpiece thumbscrew. All KRG's chassis take AICS magazines with nothing extra needed, the magazine is not included. Note: Actions with trigger hangers will not work without mods to the chassis, hanger, or both.

Attributes

- Name: [REMINGTON 700 SA X-RAY CHASSIS SAKO GREEN](#)
- Manufacturer: [KINETIC RESEARCH GROUP](#)
- Product no.: 100054262
- Mfr. No.: XRY-R7S-GRN
- Action Type: Short
- Color: Sako Green
- Make: Remington
- Model: 700
- Style: Chassis
- Weight: 3 lbs
- Delivery weight: 1.95kg
- Shipping height: 76mm
- Shipping width: 152mm
- Shipping length: 775mm

REMINGTON 700 GEN 4 XRAY CHASSIS Safety Instruction Guide

Introduction

Thank you for choosing the REMINGTON 700 GEN 4 XRAY CHASSIS. This guide provides important safety instructions and guidelines to ensure the safe use of your product. Please read this document carefully to understand how to operate, install, and maintain your chassis safely.

General Safety Guidelines

- Always handle the chassis with care and ensure it is unloaded before any adjustments or maintenance.
- Use the chassis only with compatible firearms as specified by the manufacturer.
- Ensure that all components are securely attached before use.
- Regularly inspect the chassis for any signs of wear or damage.
- Keep the chassis and all related equipment out of reach of children and unauthorized users.
- Report any unsafe conditions or accidents to the appropriate authorities immediately.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that you are familiar with the operation of your firearm and the chassis before use.
- Do not modify the chassis or any of its components without consulting the manufacturer.
- Be aware of your surroundings and ensure a safe shooting environment.
- Use appropriate personal protective equipment (PPE), such as eye and ear protection, while using the chassis.
- Avoid using the chassis in adverse weather conditions that may affect safety or performance.
- If you encounter any issues with the chassis, cease use immediately and consult a qualified technician.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure the chassis and firearm are clean and free of debris.
2. **Assembly:**
 - Align the action of your firearm with the chassis.
 - Secure the action using the provided mounting points.
 - Adjust the buttpad height and cant using the toolless adjustment feature.
 - Attach the ambidextrous cheekpiece thumbscrew as needed.
3. **Compatibility Check:** Confirm that your action is compatible with AICS magazines and that no modifications are required.
4. **Final Inspection:** Doublecheck all connections and adjustments before use.

Usage

- Load your firearm only when you are ready to shoot.
- Always point the firearm in a safe direction.
- Be sure of your target and what is beyond it before firing.
- Use the chassis as intended, adhering to all safety guidelines.
- After use, unload your firearm and store the chassis and firearm in a secure location.

Disposal Instructions

- Dispose of the chassis in accordance with local regulations.
- If the chassis is damaged or no longer usable, contact your local waste management facility for proper disposal methods.
- Recycle materials where possible to minimize environmental impact.

Contact Information for Further Support

For any safety inquiries or additional support, please refer to the manufacturer's contact information provided with your product.

By following these safety guidelines and instructions, you can ensure a safer experience with your REMINGTON 700 GEN 4 XRAY CHASSIS. Thank you for your attention to safety.
