

# REMINGTON 700 GEN 4 X-RAY CHASSIS - REMINGTON 700 LA X-RAY CHASSIS LAKO GREEN

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

X-Ray Chassis (Generation 4) Unprecedented value...This is what the X-Ray chassis provides to you. When you pick up the X-Ray, it will feel nice and light compared to other chassis. You'll have nearly identical ergonomics to the Whiskey-3 with only a little more time involved in adjusting the different aspects like the length of pull. Furthermore, you'll have all the standard benefits of a chassis like the use of AICS magazines, a variety of mounting points for slings, barrier stops, etc., and aluminum block bedding for the action while not having to sell off a kidney to pay the price of admission. To accomplish Kinetic Research Group's design intent, we kept the features that everyone wants and needs and eliminated those that weren't necessary. Then they utilized efficient manufacturing processes to keep production costs down and in turn keep the price to the shooter down. The end result is a hybrid aluminum and polymer chassis that we think you'll love. Kinetic Research Group is proud to present the X-Ray chassis, the result of years of careful design, thought, refinement, and hard work. The change is a new one piece backend, which comes standard with tool-less buttplate height and cant adjustment, as well as an ambidextrous cheekpiece thumbscrew. All KRG's chassis take AICS magazines with nothing extra needed, the magazine is not included. Note: Actions with trigger hangers will not work without mods to the chassis, hanger, or both.

# REMINGTON 700 GEN 4 XRAY CHASSIS Safety Instruction Guide

## Introduction

Thank you for choosing the REMINGTON 700 GEN 4 XRAY CHASSIS. This guide is designed to ensure your safety and the safe use of the product. Please read this instruction manual thoroughly before using the chassis.

## General Safety Guidelines

To ensure safe use of the REMINGTON 700 GEN 4 XRAY CHASSIS, please follow these general safety guidelines:

- Always handle firearms and related equipment with care.
- Ensure that the chassis is compatible with your firearm model before installation.
- Store the chassis in a safe and secure location, out of reach of children and unauthorized users.
- Regularly inspect the chassis for any signs of wear or damage.
- Follow all local laws and regulations regarding the use and transportation of firearms.

## Specific Safety Precautions for Use

When using the REMINGTON 700 GEN 4 XRAY CHASSIS, please adhere to the following safety precautions:

- Do not modify the chassis or firearm without consulting a qualified gunsmith.
- Ensure that the firearm is unloaded before installation or adjustments are made to the chassis.
- Use only AICS magazines as specified to ensure proper functioning.
- Be aware that actions with trigger hangers may require modifications to the chassis, hanger, or both.
- Always wear appropriate eye and ear protection when operating any firearm.

## Instructions for Installation and Usage

Follow these steps for the proper installation and usage of the REMINGTON 700 GEN 4 XRAY CHASSIS:

### 1. Unboxing the Chassis

- Carefully remove the chassis from the packaging.
- Inspect the chassis for any visible damage.

### 2. Preparation for Installation

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Gather necessary tools for installation (if required).

### 3. Installing the Chassis

- Align the action of your firearm with the chassis.
- Secure the action using the provided mounting points.
- Adjust the length of pull and other ergonomic features as needed.

### 4. Using the Chassis

- Familiarize yourself with the adjustable features, including the toolless buttpad height and cant adjustment.
- Ensure that the cheekpiece is adjusted for comfort and optimal sight alignment.

## 5. **PostUsage Care**

- After use, clean the chassis according to the manufacturer's recommendations.
- Store the chassis in a safe location, ensuring it is protected from moisture and extreme temperatures.

## **Disposal Instructions**

At the end of the product's life cycle, please dispose of the REMINGTON 700 GEN 4 XRAY CHASSIS responsibly:

- Check local regulations regarding the disposal of firearm components.
- Do not dispose of the chassis in regular household waste.
- Consider recycling materials where possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the REMINGTON 700 GEN 4 XRAY CHASSIS, please refer to the manufacturer's website or contact customer support for assistance.

## **Conclusion**

By following these safety instructions, you can ensure a safe and enjoyable experience with your REMINGTON 700 GEN 4 XRAY CHASSIS. Always prioritize safety and responsible handling when using firearms and related equipment. Thank you for your attention to these important guidelines.
