

APEX EYEWEAR - MAGPUL APEX EYEWEAR BLACK FRAME/GRAY LENS/RED MIRROR POLARIZED

[Shooting Accessories](#) > [Apparel](#) > [Accessories](#) > [Glasses](#)

The Apex is ballistic eyewear designed to provide maximum style and comfort while also equipping the user with Z87+ ballistic impact protection. Its lenses come in a range of polarization, color and mirror options to give you the premium clarity and contrast you need from a great pair of shades, supporting many high energy activities in variable light conditions and environments, to include running, hiking, skiing, and other high output action. Constructed from TR90NZZ, the strongest thermoplastic material available for eyewear, the Apex provides extreme impact resistance, durability, and flexibility in a lightweight package. Like all Magpul eyewear, the lenses meet or exceed published Military Performance Specifications for superior ballistic impact protection without compromising on optical clarity. They are oleophobic and actively shed liquid, and they won't be degraded by water, sweat, or chemicals. Designed for medium to large faces, the Apex's large 8-base frame creates a protective barrier from light and debris with increased side protection without limiting peripheral vision. Its over-molded anti-slip rubber nose and temple pads prevent slippage and make sure they stay put while you're in motion. The low-profile temples provide the user with optimal integration when using helmets, headsets, and over the ear hearing protection. Constructed of TR90NZZ, the 8 base frames combine lightweight construction and ballistic protection, providing rugged strength, flexibility, and lateral eye and temple protection Ballistic Rated Z87+ and MIL-PRF 32432 lenses and frames meet both high velocity impact protection and safety ratings Medium to large fit profile Oleophobic lenses repel water and provide oil, sweat, sunscreen, and other chemical protection Anti-reflective coating on inside of lenses minimizes distracting reflection Padded, low profile temples integrate with over-the-ear-hearing protection and communication headsets Coated stainless steel pins provide simple but dependable hinge functionality

Lens Types and Benefits: GRAY- General purpose Reduces eye fatigue Provides true color perception and natural contrast 16% light transmission GRAY W/RED MIRROR- Reduces glare Provides true color perception and enhanced contrast Sports activities such as mountain biking, skiing, and water activities A good choice for sunny days on both land and water For bright and overcast conditions 15% Light Transmission VIOLET W/GREEN MIRROR- Optimal usage in fresh-water fishing or deep-water fishing in dark or murky waters Sports activities such as biking, trail running, snow sports, and shooting sports Reduces glare on extremely bright days Optimized for high contrast and depth perception 12.59% Light Transmission

APEX EYEWEAR SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the APEX EYEWEAR MAGPUL. This eyewear is designed to provide maximum style, comfort, and protection. To ensure your safety and the longevity of your glasses, please read and follow these safety instructions carefully.

General Safety Guidelines

- **Product Safety:** This eyewear is designed for safe use and meets the EU General Product Safety Regulation (GPSR). Ensure you are familiar with the safety features before use.
- **Enhanced Recalls:** Stay informed about any potential recalls. If notified, follow the instructions provided for returning or exchanging the product.
- **Online Shopping:** If purchased online, ensure that the retailer complies with safety standards.
- **Special Consumer Focus:** This product is not intended for children under 12 years of age. Keep out of reach of younger children to avoid potential hazards.
- **EU Contact Point:** For any safety inquiries, please refer to the appropriate contact point in your country.
- **Rapid Alerts:** Monitor the EU's Safety Gate platform for updates regarding product safety and recalls.

Specific Safety Precautions for Use

- **Avoid Impact:** Although the APEX eyewear offers ballistic protection, avoid exposing them to extreme impacts beyond their rated capabilities.
- **Avoid Chemicals:** Do not expose lenses to harsh chemicals, as they can degrade the lens quality and protective features.
- **Proper Fit:** Ensure the eyewear fits properly on your face. Adjust the nose and temple pads as necessary to avoid slippage during activities.
- **Lens Care:** Clean lenses with a soft, lintfree cloth. Avoid using abrasive materials that may scratch the lenses.
- **Usage in Extreme Conditions:** Be cautious when using the eyewear in extreme weather conditions. They are designed for variable light conditions but may not be suitable for all environments.

Instructions for Installation and Usage

- **Fitting the Eyewear:**
 1. Hold the frames by the temples.
 2. Place the nose pads on your nose and gently slide the temples over your ears.
 3. Adjust the nose pads for a comfortable fit, ensuring the eyewear does not slide down your nose.
- **Using the Eyewear:**
 - Wear the eyewear during activities such as running, hiking, skiing, and biking.
 - Ensure the lenses are clean before use to maintain optimal visibility and protection.
- **Storing the Eyewear:**
 - When not in use, store the eyewear in a protective case to prevent scratches and damage.
 - Keep the eyewear away from direct sunlight when stored, as excessive heat can warp the frames.

Disposal Instructions

- **Recycling:** When the eyewear reaches the end of its life, dispose of it responsibly. Check local recycling guidelines for plastic and other materials.
- **Environmental Considerations:** Do not dispose of the eyewear in regular household waste. Instead, follow local regulations for electronic and plastic waste disposal.

Contact Information for Further Support

For any questions or concerns regarding your APEX EYEWEAR, please refer to the manufacturer's website or contact the retailer from whom you purchased the product.
