

BCT COPPER REMOVER - BREAKTHROUGH CLEAN 6 OZ PUMP SPRAY COPPER REMOVER

[Gun Cleaning & Chemicals](#) > [Solvents & Degreasers](#) > [Solvents](#)

A Dedicated Copper-Removing Solvent That Won't Stink Up Your Shop

Eventually, if you shoot enough rounds through your firearm, you're going to have to deal with that inevitable build-up of copper fouling. Usually, this is a nasty job involving nasty solvents that require all kinds of air circulation and awful smells. Not so with Breakthrough Clean's BCT Copper Remover. Instead of using harsh solvents that can harm your health, this Breakthrough Clean BCT Copper Remover is an odor-free, user-safe, environmentally friendly cleaner that uses no petroleum or ammonia in its formula. It quickly and effectively removes copper build-up in your gun's bore, and it'll do that without harming the metal underneath. It also leaves a thin film that minimizes copper build-up in the future and makes it easier to remove when it eventually does happen. Breakthrough Clean's BCT Copper Remover is available in 2- and 6-ounce bottles.

BCT Copper Remover Safety Instructions

Introduction

Thank you for choosing BCT Copper Remover Breakthrough Clean 6 oz Pump Spray. This product is designed to effectively remove copper fouling from your firearm while ensuring user safety and environmental friendliness. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always use the product in a wellventilated area to minimize inhalation of any vapors.
- Keep out of reach of children and vulnerable individuals.
- Avoid contact with skin and eyes. In case of contact, rinse thoroughly with water and seek medical advice if irritation persists.
- Do not ingest. If swallowed, seek medical attention immediately.
- Store in a cool, dry place away from direct sunlight and heat sources.
- Regularly check for any product recalls or safety alerts on the EU Safety Gate platform.

Specific Safety Precautions for Use

- Use personal protective equipment (PPE) such as gloves and safety goggles when handling the product.
- Do not mix with other cleaning agents or solvents, as this may create hazardous reactions.
- Ensure that the spray nozzle is directed away from yourself and others when applying the product.
- Do not spray near open flames or sparks.
- Avoid using the product on surfaces that are not intended for use with copper removers.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your firearm is unloaded and in a safe condition before cleaning.
- Shake the bottle gently to mix the contents.

2. Application:

- Hold the pump spray approximately 68 inches away from the bore of the firearm.
- Spray a light, even coat of BCT Copper Remover directly into the bore.
- Allow the product to sit for a few minutes to effectively penetrate the copper fouling.

3. Cleaning:

- Use a cleaning rod and patch to remove the loosened fouling from the bore.
- Repeat the application if necessary for heavily fouled areas.
- Wipe any excess product from the exterior of the firearm with a clean cloth.

4. PostCleaning:

- Dispose of used patches and any waste materials in accordance with local regulations.
- Store the product in its original container, tightly closed, and out of reach of children.

Disposal Instructions

- Dispose of the product and its container in accordance with local environmental regulations.

- Do not pour down the drain or dispose of in regular household waste.
- Check for any specific disposal guidelines on the product label or local waste management resources.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the product packaging for contact details or visit the manufacturer's website.

Thank you for using BCT Copper Remover. Your safety and satisfaction are our priority.
