

CLASSIC CASE TRIMMER KIT - FORSTER PRODUCTS, INC. CLASSIC CASE TRIMMER KIT W/ PILOTS & COLLETS

[Reloading](#) > [Case Preparation](#) > [Case Trimming](#) > [Case Trimmers](#)

Case Trimmer kit, Classic - includes 3 pilots (458, 505, & 510) and 3 collets (5, 6, & 7). Larger than our Original Case Trimmer, The Classic was the first production model trimmer on the market to accommodate a large range of classic cartridges. It's suitable for more than three-hundred different big bore calibers from popular big game rifles to classic black powder calibers. (The Classic trims case lengths from 1 7/8" long through 4 1/8" long; shorter cases can be trimmed by mounting on a standard length base.) For collectors of vintage firearms, for "Cowboy" competitors and reenactors, and for owners of fine English single- and double-rifles chambered in hard hitting calibers like 500 Nitro Express, .416 Rigby, 50 Sharps, .475 Nitro Exp, etc., this is the hand case trimmer that will allow accurate reloading. This kit includes collets 5, 6 & 7 and pilots 458, 505 & 510.

CLASSIC CASE TRIMMER KIT SAFETY INSTRUCTIONS

Introduction

Thank you for purchasing the CLASSIC CASE TRIMMER KIT from Forster Products, Inc. This product is designed for precision trimming of cases for various calibers. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the trimmer is used in a welllit and clean workspace.
- Always wear appropriate safety gear, including eye protection, when operating the trimmer.
- Keep the trimmer out of reach of children and vulnerable individuals.
- Regularly inspect the trimmer for any signs of damage or wear before use.
- Follow all instructions provided in this guide to avoid hazards associated with improper use.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Sharp blades can cause cuts or injuries. Handle with care.
 - Improper use may lead to misfires or damage to ammunition. Always ensure that the trimmer is used correctly.
- **Avoiding Hazards:**
 - Do not operate the trimmer if you are tired or under the influence of substances that may impair your judgment.
 - Keep hands and other body parts away from moving parts during operation.
 - Ensure the trimmer is securely mounted to a stable surface before use.
 - Do not exceed the recommended case lengths and calibers as specified in the product information.

Instructions for Installation and Usage

- **Installation:**
 1. Secure the trimmer to a stable workbench or table using appropriate fasteners.
 2. Ensure that the trimmer is level and stable before proceeding.
 3. Attach the desired pilot and collet according to the instructions provided with the kit.
- **Usage:**
 1. Select the appropriate pilot and collet for the caliber you are trimming.
 2. Insert the case into the collet and ensure it is secured.
 3. Rotate the handle to trim the case to the desired length.
 4. Check the case length with a caliper to ensure it meets specifications.
 5. After use, clean the trimmer and store it in a safe place.

Disposal Instructions

- Dispose of any damaged or worn parts of the trimmer responsibly.

- Follow local regulations for the disposal of metal and plastic components.
- Do not dispose of the trimmer in regular household waste. Check for recycling options in your area.

Contact Information for Further Support

For any questions or concerns regarding the CLASSIC CASE TRIMMER KIT, please refer to the manufacturer's website or contact your local distributor for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your CLASSIC CASE TRIMMER KIT. Enjoy your reloading and trimming process!
