## Prevents Threading Rimfire Suppressors On Too Far

SilencerCo's 1/2"-28 Rifle Thread Spacer corrects the problem of a .22 rimfire barrel with muzzle threads that are too long. .22 caliber rimfire and centerfire sound suppressors have the same thread pitch 1/2"-28, but the threaded portion of the muzzle is longer on centerfire rifles. Manufacturers goof up more often than you'd expect and give rimfire muzzles centerfire-length threads. If a rimfire muzzle has an over-long threaded area, you run the risk of damaging your suppressor by tightening it too far onto the barrel. At the least, the suppressor might not be positioned correctly for optimum operation. The SilencerCo 1/2"-28 Rifle Thread Spacer is the solution. It covers the excess threads, while properly positioning your rimfire suppressor on the muzzle. Shortens the thread area while maintaining concentricity Gives your rimfire suppressor a solid shoulder Cleans up aesthetics of the rifle by hiding excess threads Machined steel, black oxide finish SilencerCo's 1/2"x28 Rifle Thread Spacer fills the gap that would otherwise be left between the silencer and thread shoulder. Check your rifle today!

## Attributes

- Name: [SILENCERCO ADAPTER 1/2X28 THREAD SPACER](#)
- Manufacturer: [SILENCERCO](#)
- Product no.: 100500300
- Mfr. No.: AC114
- Finish: Black
- Threads: 1/2-28
- Delivery weight: 0.068kg
- Shipping height: 5mm
- Shipping width: 99mm
- Shipping length: 132mm
- UPC: 817272000000

# Safety Instruction Guide for SilencerCo 1/2"28 Rifle Thread Spacer

## Introduction

Thank you for choosing the SilencerCo 1/2"28 Rifle Thread Spacer. This product is designed to enhance the safety and functionality of your rimfire sound suppressor. Please read this safety instruction guide carefully to ensure proper usage and compliance with safety regulations.

## General Safety Guidelines

- Ensure that all nonfood products, including this thread spacer, are used as intended to avoid any safety risks.
- Be aware that this product addresses specific issues related to rimfire and centerfire barrel threading.
- If you are purchasing this product online, ensure that the seller complies with safety requirements similar to those in physical stores.
- Extra caution should be taken when using this product around vulnerable groups, such as children.
- In case of any safety inquiries, check for an EU-based contact point for assistance.
- Stay informed about potential recalls or safety alerts using the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always inspect the thread spacer for any signs of damage before installation.
- Do not attempt to use the thread spacer if it appears to be defective or worn.
- Ensure that your rimfire suppressor is compatible with the 1/2"28 thread size before use.
- Avoid overtightening the suppressor onto the barrel, as this may cause damage to the suppressor or the firearm.
- Keep the product out of reach of children and pets to prevent accidental use or injury.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including a wrench suitable for the suppressor.

### 2. Installation:

- Remove any existing suppressor from the muzzle of the firearm.
- Clean the threaded area of the muzzle to ensure a proper fit.
- Carefully screw the SilencerCo 1/2"28 Rifle Thread Spacer onto the muzzle threads until it is snug but not overly tight.
- Confirm that the spacer is properly positioned and covers any excess threads.

### 3. Attaching the Suppressor:

- Align the suppressor with the thread spacer.
- Gently screw the suppressor onto the thread spacer, ensuring it is correctly positioned.
- Tighten the suppressor using the wrench, but avoid excessive force that could damage the suppressor or firearm.

### 4. PostInstallation Check:

- After installation, check the alignment and fit of the suppressor and thread spacer.
- Ensure that there is no excessive movement or play in the assembly.

## **Disposal Instructions**

- Dispose of the SilencerCo 1/2"28 Rifle Thread Spacer in accordance with local regulations.
- If the product is damaged or no longer in use, consider recycling it if possible to reduce environmental impact.

## **Contact Information for Further Support**

For any questions or concerns regarding the SilencerCo 1/2"28 Rifle Thread Spacer, please refer to the EUbased contact point provided by your retailer or manufacturer.

Thank you for your attention to these safety instructions. Proper use and care of your SilencerCo 1/2"28 Rifle Thread Spacer will enhance your shooting experience while ensuring safety for you and those around you.
