## Protects Suppressor, Mitigates Mirage

The Cole-Tac Metal Python Suppressor Cover protects your suppressor from dings, keeps you from burning your hands on a hot can and eliminates mirage. Innovative BOA locking straps ensure the Cole-Tac Metal Python Suppressor Cover won't move under recoil and even prevents the cover from stretching over time. Durable Metal Buckles Adjustable Straps No-Slip Cinch Design Fits Suppressors With 1 3/8-1 5/8" Diameters Made of durable 1000 Denier Cordura Nylon, the Cole-Tac Metal Python Suppressor Cover boasts a proprietary fire-resistant lining that withstands heat up to 1800°F. Cole-Tac Metal Python Suppressor covers are not mag-dump rated and will melt. We will not refund or replace a cover that has been melted. If you are needing a full auto rated cover, please use the HTP Suppressor Cover. Click here for sizing charge

# ColeTac Metal Python Suppressor Cover Safety Instruction Guide

## Introduction

Thank you for choosing the ColeTac Metal Python Suppressor Cover. This product is designed to protect your suppressor from damage, prevent burns from hot surfaces, and reduce mirage. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure the suppressor cover is suitable for your suppressor's diameter (1 3/8 5/8 inches).
- Always check for any visible damage to the cover before use.
- Avoid using the cover on suppressors that will be subjected to extreme heat, as the cover is not rated for magdumping and may melt.
- Use caution when handling a suppressor after firing, as it may become extremely hot.

## Specific Safety Precautions for Use

- **Burn Hazard:** The suppressor cover is designed to prevent burns, but it is essential to avoid direct contact with the suppressor after use.
- **Melting Risk:** The cover is made from fireresistant materials but is not magdump rated. Do not use the cover in situations where it may exceed its heat tolerance of 1800°F.
- **Recoil Safety:** Ensure that the BOA locking straps are securely fastened to prevent the cover from shifting during use.
- **Child Safety:** Keep the suppressor cover and any related accessories out of reach of children.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the suppressor is cool and clean before installing the cover.
- Slide the cover over the suppressor, ensuring it fits snugly.
- Use the adjustable straps to secure the cover in place.
- Adjust the BOA locking straps to ensure a tight fit, preventing movement during use.

### 2. Usage:

- Always check the fit of the suppressor cover before each use.
- After use, allow the suppressor to cool before removing the cover.
- Do not attempt to remove the cover if the suppressor is still hot.

## Disposal Instructions

- Dispose of any damaged or melted suppressor covers in accordance with local waste disposal regulations.
- Do not incinerate the cover, as it may release harmful substances when burned.

## Contact Information for Further Support

For any inquiries or concerns regarding the ColeTac Metal Python Suppressor Cover, please refer to the product

packaging for contact details or consult the retailer where the product was purchased.

Thank you for taking the time to read this safety instruction guide. Your safety is our priority, and we hope you enjoy using the ColeTac Metal Python Suppressor Cover responsibly.
