# HTP (HIGH TEMPERATURE PYTHON) SUPPRESSOR COVER SAFETY INSTRUCTIONS

## Introduction

Congratulations on your purchase of the ColeTAC High Temperature Python (HTP) Suppressor Cover. This product is designed to provide protection for your suppressor while allowing for hightemperature use. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always inspect the suppressor cover for any signs of damage or wear before use.
- Avoid using the suppressor cover in conditions that exceed its temperature rating of 3000°F.
- Do not use the suppressor cover if it has been damaged or shows signs of wear.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe product incidents or accidents to the appropriate authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always allow the suppressor to cool down before applying or removing the cover.
- Ensure that the cover is securely attached to the suppressor using the BOA locking straps.
- Do not attempt to modify or repair the suppressor cover yourself.
- Avoid exposing the cover to open flames or extreme heat sources outside of its rated temperature.
- Regularly check the adjustable straps for tightness and security during use.
- Be cautious when handling the suppressor and cover, especially after use, as they may be hot.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the suppressor is cool to the touch.
- Position the suppressor cover over the suppressor, ensuring proper alignment.
- Use the BOA locking straps to secure the cover firmly in place.
- Adjust the straps as needed to ensure a snug fit.

### 2. Usage:

- Always verify that the suppressor cover is securely attached before use.
- Use the suppressor cover in accordance with its temperature rating.
- After use, allow the suppressor to cool down before removing the cover.
- Inspect the cover for any damage or wear after each use.

## Disposal Instructions

- Dispose of the suppressor cover according to local regulations.
- If the cover is damaged or no longer needed, consider recycling if possible.
- Do not dispose of the cover in regular household waste if it is made of materials that can be harmful to the environment.

## **Contact Information for Further Support**

For any questions or concerns regarding the HTP Suppressor Cover, please refer to the manufacturer's website or contact their customer support for assistance.

Thank you for choosing the ColeTAC High Temperature Python (HTP) Suppressor Cover. Your safety is important, and we hope you enjoy using your product responsibly.
