# Safety Instruction Guide for EXTENSION TUBE SPRING 45" 12 GA

## Introduction

Thank you for choosing the EXTENSION TUBE SPRING 45" 12 GA from Nordic Components. This guide provides important safety information and instructions to ensure the safe use and handling of the product. Please read this guide carefully before using the extension tube spring.

## General Safety Guidelines

- Always handle the extension tube spring with care to avoid injury.
- Ensure that the product is used in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the extension tube spring for signs of wear or damage before each use.
- If you encounter any issues or suspect that the product may be defective, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- Do not modify the extension tube spring in any way. Modifications may compromise safety and performance.
- Ensure that the extension tube spring is compatible with your specific magazine extension model.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves during installation and handling.
- Avoid placing the spring under excessive tension or load beyond its designed capacity.
- Store the extension tube spring in a cool, dry place away from direct sunlight and moisture.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that you have the necessary tools for installation, including scissors or a cutting tool for adjusting the length.
- Read the instructions included in the package for specific guidance on determining the required length.

### 2. Installation:

- Remove the extension tube spring from its packaging carefully.
- If necessary, measure the desired length of the spring according to your magazine extension specifications.
- Cut the spring to the appropriate length using scissors or a cutting tool. Ensure that the cut is clean and free of sharp edges.
- Insert the spring into the magazine extension, ensuring it is properly seated and aligned.

### 3. Usage:

- After installation, ensure that the magazine extension functions correctly with the new spring.
- Test the magazine extension to confirm that it feeds ammunition smoothly and reliably.
- Regularly check the spring for any signs of wear or damage during use.

## Disposal Instructions

- Dispose of any unused or damaged extension tube springs in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, check for recycling options or designated disposal facilities.
- Ensure that the product is out of reach of children during the disposal process.

## Contact Information for Further Support

For any inquiries regarding safety, usage, or product support, please refer to the contact information provided by the retailer or manufacturer. It is essential to seek assistance if you have any concerns about the product's safety or performance.

Thank you for your attention to these safety instructions. Your safety is our priority.
