# Safety Instruction Guide for SLIDE COMPLETION KITS FOR GLOCK® LONE WOLF DIST. M22, M23, M27 M35 & M24

## Introduction

Thank you for choosing the SLIDE COMPLETION KITS FOR GLOCK® LONE WOLF DIST. This guide provides essential safety instructions to ensure the safe use, installation, and disposal of your completion kit. It is crucial to follow these guidelines to minimize risks and ensure compliance with EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure the product is suitable for your specific Glock model (22, 23, 24, 27, 35).
- Always handle firearms and their components with care and in accordance with local laws and regulations.
- Store all parts in a safe place, out of reach of children and unauthorized users.
- Regularly check for any signs of wear or damage to the components before use.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when handling or installing firearm components.
- Do not attempt to install or use the slide completion kit if you are unfamiliar with firearm assembly or disassembly.
- Ensure the firearm is unloaded before performing any installation or maintenance.
- Follow the manufacturer's instructions carefully during the installation process.
- Never modify the components of the slide completion kit beyond the intended use.
- Be aware of the potential hazards associated with the use of firearms, including accidental discharge.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and components before starting the installation.
- Ensure your work area is clean and welllit.

### 2. Installation Steps:

- Remove the slide from your Glock firearm according to the manufacturer's instructions.
- Carefully install the channel liner into the slide.
- Insert the spacer sleeve as directed.
- Place the marine spring cups into the designated positions.
- Install the midweight striker spring and the striker.
- Attach the LCI extractor and ensure it is secured properly.
- Install the springloaded bearing and the depressor plunger spring.
- Insert the depressor plunger into its respective location.
- Install the firing pin safety and its spring.
- Finally, secure the slide cover plate onto the slide.

### **3. PostInstallation Checks:**

- Ensure all components are securely installed and functioning correctly.
- Perform a visual inspection of the slide to confirm no parts are loose or improperly placed.
- Reattach the slide to the frame of the firearm.

### **4. Usage:**

- Once the installation is complete, ensure the firearm is still unloaded before any handling.
- Test the functionality of the slide in a safe and controlled environment.

## **Disposal Instructions**

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not discard firearm parts in regular household waste.
- Contact local waste management authorities for guidance on safe disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the SLIDE COMPLETION KITS FOR GLOCK® LONE WOLF DIST., please refer to the manufacturer's contact details provided with the product. It is important to have access to support for safety inquiries.

By following these safety instructions, you can ensure a safer experience while using the SLIDE COMPLETION KITS FOR GLOCK® LONE WOLF DIST. Always prioritize safety and adhere to local laws and regulations regarding firearms.
