### Ensure Mag Insertion in Stressful Situations

The Magpul GL Enhanced Magazine Well for GLOCK 17 GEN 3 is a high performance, purpose-built GLOCK frame magazine well. It was designed to enhance and ensure positive magazine insertion in high stress scenarios. Its sleek and ergonomic design features also provide excellent concealment and ensure minimal printing to the user's clothing. Ramp and edge geometry allow for the smooth removal of faulty or stuck magazines during reloading or immediate action events. The Magpul GL Enhanced Magazine Well is optimized for use with standard capacity GLOCK factory magazines, Magpul GL9® PMAGs®, and a variety of aftermarket floorplates and extensions that are available for both. Recent generations of reduced capacity (10 rd) factory GLOCK magazines have several dimensional differences which may interfere with any magazine well, including the Magpul GL Enhanced Magazine Well. Some large aftermarket floorplates may also interfere. Due to inherent variances in GLOCK frame production, if an excessively tight fit is experienced during the installation of an Enhanced Magazine Well that requires excessive force, Magpul recommend that a professional gunsmith complete the installation to mitigate the potential for frame damage. Made in the USA.

FEATURES Reinforced polymer construction Easy installation Rugged polymer formula holds up to rough handling Large ramp area for easier reloading External dimensions ensure minimal printing during concealed carry Compatible with Magpul, OEM and most aftermarket floor plates and magazine extensions COMPATIBILITY Fits GEN 3 versions of the: G17, G17L, G22, G24, G31, G34, G35, G37. # **Safety Instruction Guide for GL Enhanced Magazine Well for GLOCK 17 GEN 3**

## **Introduction**

Thank you for choosing the Magpul GL Enhanced Magazine Well for GLOCK 17 GEN 3. This product is designed to enhance your shooting experience by providing a reliable magazine well that ensures positive magazine insertion. This guide provides essential safety information and instructions to ensure safe and effective use of the product.

## **General Safety Guidelines**

- Ensure that you are familiar with the operation of your GLOCK firearm before using the enhanced magazine well.
- Always treat your firearm as if it is loaded, regardless of whether you believe it to be empty.
- Keep the firearm pointed in a safe direction at all times.
- Store the firearm and magazine well in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the magazine well and your firearm for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm ownership and use.

## **Specific Safety Precautions for Use**

- Do not force the installation of the magazine well. If it does not fit easily, consult a professional gunsmith.
- Avoid using the magazine well with incompatible magazines or aftermarket floor plates that may cause interference.
- Be aware of the potential for frame damage if excessive force is applied during installation.
- Inspect the magazine well regularly to ensure it is functioning properly.
- In case of a malfunction during use, follow proper firearm safety protocols and seek assistance if needed.

## **Instructions for Installation and Usage**

### **Installation Instructions**

1. Ensure your GLOCK 17 GEN 3 is unloaded and the magazine is removed.
2. Align the Magpul GL Enhanced Magazine Well with the magazine well of your GLOCK frame.
3. Gently press the magazine well into place. It should fit snugly without excessive force.
4. If you encounter resistance, do not continue to force the installation. Consult a professional gunsmith for assistance.
5. Once installed, test the fit by inserting a magazine to ensure smooth operation.

### **Usage Instructions**

- To use the enhanced magazine well, simply insert the magazine into the well until it clicks into place.
- When reloading, the large ramp area will assist in guiding the magazine into position.
- If a magazine becomes stuck or does not eject smoothly, follow proper procedures for clearing the malfunction.

### **Disposal Instructions**

- Dispose of the Magpul GL Enhanced Magazine Well in accordance with local regulations regarding plastic waste.
- Do not dispose of the product in regular household waste. Check for recycling options in your area.

## **Contact Information for Further Support**

For any questions or concerns regarding the Magpul GL Enhanced Magazine Well, please consult a professional gunsmith or refer to the manufacturer's website for additional resources.

## **Conclusion**

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your Magpul GL Enhanced Magazine Well for GLOCK 17 GEN 3. Always prioritize safety and proper handling of firearms to protect yourself and others.
