

# GL ENHANCED MAGAZINE WELLS FOR GLOCK® 19 GEN 4 - MAGPUL

## GL ENHANCED MAGAZINE WELL FOR GLOCK 19 GEN 4 BLACK

[Handgun Parts](#) > [Frame Parts](#) > [Magazine Wells](#)

The Magpul GL Enhanced Magazine Well for GLOCK 19 GEN 4 is a high performance, purpose-built GLOCK frame magazine well. It was designed to enhance and ensure positive magazine insertion in high stress scenarios. Its sleek and ergonomic design features also provide excellent concealment and ensure minimal printing to the user's clothing. Ramp and edge geometry allow for the smooth removal of faulty or stuck magazines during reloading or immediate action events. The Magpul GL Enhanced Magazine Well is optimized for use with standard capacity GLOCK factory magazines, Magpul GL9® PMAGs®, and a variety of aftermarket floorplates and extensions that are available for both. Recent generations of reduced capacity (10 rd) factory GLOCK magazines have several dimensional differences which may interfere with any magazine well, including the Magpul GL Enhanced Magazine Well. Some large aftermarket floorplates may also interfere. The Magpul GL Enhanced Magazine Well for GLOCK 19 GEN 4 is not compatible as delivered out of the box with optional factory GLOCK Modular Back Straps. While end user modification is minor and may be attempted, it is taken at the user's risk. Due to inherent variances in GLOCK frame production, if an excessively tight fit is experienced during the installation of an Enhanced Magazine Well that requires excessive force it is recommended that a professional gunsmith be utilized to complete the installation to mitigate the potential for frame damage. Made in the USA. FEATURES Reinforced polymer construction Easy installation Rugged polymer formula holds up to rough handling Large ramp area for easier reloading External dimensions ensure minimal printing when carrying concealed Compatible with Magpul, OEM and most aftermarket magazine floor plates and magazine extensions COMPATIBILITY Fits GEN 4 versions of the: G19, G23, G32. Compatible with Magpul, OEM and most aftermarket magazine floor plates. Compatible with most common aftermarket magazine extensions. NOT compatible with optional factory GLOCK Modular Back Straps without modification. # Safety Instructions for the Magpul GL Enhanced Magazine Well for GLOCK 19 GEN 4

## Introduction

Thank you for choosing the Magpul GL Enhanced Magazine Well for GLOCK 19 GEN 4. This product is designed to enhance the performance of your GLOCK firearm while ensuring safe use. Please read this safety instruction guide carefully to understand how to use, install, and dispose of the product safely.

## General Safety Guidelines

- Ensure you are familiar with the operation of your GLOCK firearm before using this accessory.
- Always treat your firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Store the firearm and accessories in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the magazine well and your firearm for any signs of wear or damage.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Use only standard capacity GLOCK factory magazines, Magpul GL9 PMAGs, and compatible aftermarket floorplates with this magazine well.
- Be aware that some aftermarket floorplates may not be compatible and could interfere with the magazine well.
- If you experience an excessively tight fit during installation, do not force the magazine well into place. Seek professional assistance from a qualified gunsmith to avoid potential damage to your firearm.
- The Magpul GL Enhanced Magazine Well is not compatible with optional factory GLOCK Modular Back Straps without modification.
- Ensure that all modifications are performed at your own risk.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your firearm is unloaded before beginning the installation process.
- Remove the existing magazine well, if applicable, according to your GLOCK owner's manual.
- Align the Magpul GL Enhanced Magazine Well with the magazine well opening of your GLOCK 19 GEN 4.
- Gently press the magazine well into place. If it does not fit easily, do not force it. Instead, consult a professional gunsmith for assistance.
- Once installed, check that the magazine well is securely attached and does not move.

### 2. Usage:

- When inserting a magazine, ensure it is aligned properly with the magazine well.
- Apply a firm but gentle push to ensure the magazine is seated fully.
- If you experience difficulty inserting a magazine, inspect the magazine and magazine well for any obstructions or damage.
- During reloading or immediate action events, use the ramp and edge geometry of the magazine well to assist in the smooth removal of any faulty or stuck magazines.

## **Disposal Instructions**

- Dispose of the Magpul GL Enhanced Magazine Well in accordance with local regulations for plastic products.
- Do not dispose of the product in regular household waste if local laws require special disposal methods for polymer materials.
- If the product is damaged or no longer usable, consult your local waste management authority for guidance on proper disposal.

## **Contact Information for Further Support**

For any questions or concerns regarding the Magpul GL Enhanced Magazine Well for GLOCK 19 GEN 4, please contact your retailer or visit the manufacturer's website for further assistance.

Thank you for your attention to these safety instructions. Your safety and the safety of others depend on your responsible use and handling of this product.
