# SEMIAUTO SHOTGUN GAS ORING REPLACEMENT PAK Safety Instruction Guide

## Introduction

Thank you for choosing the SEMIAUTO SHOTGUN GAS ORING REPLACEMENT PAK by CARLSONS. This product is designed to replace old, worn, or cracked Orings in your shotgun gas system, ensuring optimal performance and safety. Please read and follow all safety instructions carefully to ensure safe and effective use of this product.

## General Safety Guidelines

- Ensure the product is suitable for your shotgun model before installation.
- Always wear appropriate safety gear, such as eye protection, when handling firearms.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the Orings for wear and tear, and replace them as necessary.
- Report any unsafe conditions or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Do not use the Orings if they are damaged or show signs of deterioration.
- Ensure that the shotgun is unloaded before performing any maintenance or installation.
- Follow the manufacturer's instructions for your specific shotgun model.
- Be cautious of potential hazards related to the gas system, such as gas leaks or improper sealing.
- Do not attempt to modify or alter the Orings in any way.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the shotgun is completely unloaded.
- Gather necessary tools, including a cleaning cloth and a small flathead screwdriver if needed.

### 2. Removing Old ORings:

- Carefully inspect the gas system of your shotgun.
- Use the screwdriver to gently pry off the old Orings if they are stuck.
- Dispose of the old Orings in accordance with local waste disposal regulations.

### 3. Installing New ORings:

- Select the appropriate size Oring from the replacement pak (4 for 12 gauge and 2 for 20 gauge).
- Align the new Oring with the gas system components.
- Press the Oring into place, ensuring a snug fit without stretching or twisting.

### 4. Final Inspection:

- After installation, check that all components are properly seated and secured.
- Test the shotgun in a safe environment to ensure proper functionality.

## Disposal Instructions

- Dispose of any old Orings and packaging materials in accordance with local regulations.
- Do not dispose of Orings in a way that could harm the environment or wildlife.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the SEMIAUTO SHOTGUN GAS ORING REPLACEMENT PAK, please consult the manufacturer's website or contact customer support directly.

Thank you for your attention to these safety guidelines. Your safety and the proper functioning of your firearm are of utmost importance.
