

# 1911 COMMANDER 9MM DUAL RECOIL SPRINGS - COLT 1911 RECOIL SPRING, COMMANDER, 9MM, INNER

[Handgun Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

Advanced Dual-Spring System Gives You a Softer-Recoiling, More Reliable Pistol These are replacement inner and outer recoil springs for Colt 1911 pistols chambered in 9mm Luger that use the new Colt Dual Spring Recoil System™ originally developed in 2011 for the USMC M45A1 pistol. The inner and outer springs work together to provide enhanced reliability and extended recoil spring service life up to 15,000 rounds. (The standard interval for replacing standard 1911 recoil springs is 5,000 rounds.) Tempered spring steel Correct spring tension for 9mm ammo Use ONLY in Colt 1911 Commander Model pistols or clones chambered in 9mm Other required components sold separately (described below) These inner and outer recoil springs must be used in conjunction with the other two parts of the Colt Dual Spring Recoil System™: a dedicated guide rod and recoil spring plug.

# Safety Instruction Guide for 1911 COMMANDER 9MM DUAL RECOIL SPRINGS

## Introduction

Thank you for choosing the 1911 COMMANDER 9MM DUAL RECOIL SPRINGS. This guide provides important safety instructions and usage information to ensure safe operation and maintenance of your product. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your Colt 1911 pistol before using the recoil springs.
- Always handle firearms safely and responsibly, following all local laws and regulations.
- Store the recoil springs and your firearm in a secure place, out of reach of children and unauthorized users.
- Regularly inspect the recoil springs for wear or damage. Replace them if any issues are detected.
- Use only the recommended components with your recoil springs to maintain safety and functionality.

## Specific Safety Precautions for Use

- Use ONLY in Colt 1911 Commander Model pistols or clones chambered in 9mm.
- Do not use the recoil springs with any other models or calibers to avoid potential malfunctions.
- Ensure that the recoil springs are installed correctly according to the installation instructions provided below.
- Do not exceed the recommended service life of the recoil springs (15,000 rounds) to ensure safe operation.
- Keep the area clear of obstructions when using your firearm to prevent accidents.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure your firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools for installation, including a dedicated guide rod and recoil spring plug.

### 2. Installation

- Remove the existing recoil spring from your Colt 1911 Commander.
- Carefully install the inner recoil spring onto the guide rod.
- Follow with the outer recoil spring, ensuring both springs are seated properly.
- Secure the recoil spring plug in place to complete the installation.

### 3. Usage

- After installation, perform a function check to ensure that the recoil springs are operating correctly.
- Fire a few rounds in a safe environment to confirm proper function before using the firearm in a more demanding situation.

### 4. Maintenance

- Regularly clean and inspect the recoil springs.
- Replace the springs if they show signs of wear or if the service life limit is reached.

## Disposal Instructions

- Dispose of old recoil springs in accordance with local regulations for metal recycling or hazardous waste.
- Ensure that any disposed parts are not accessible to children or unauthorized individuals.

## Contact Information for Further Support

For any safety inquiries or support regarding the 1911 COMMANDER 9MM DUAL RECOIL SPRINGS, please refer to the appropriate contact channels as provided by the manufacturer or retailer.

This safety instruction guide is compliant with the EU General Product Safety Regulation (GPSR) and aims to provide a clear understanding of the safe use and maintenance of the 1911 COMMANDER 9MM DUAL RECOIL SPRINGS. Always prioritize safety and responsible firearm handling.
