

1911 SUPER TUFF RECOIL BUFFERS - CLASSIC PISTOL CP RECOIL BUFFERS

[Handgun Parts](#) > [Recoil Parts](#) > [Recoil Buffers](#)

Eliminates Frame Damage From Recoil

Prevents the slide from contacting the frame and causing serious damage during recoil. An absolute must for any shooter using major power factor ammunition in their 1911 Auto. Long- wearing, hard, nylon washers absorb the shock but won't flatten out and cause cycling problems as they begin to wear. Fits easily over full length or short, factory guide rods. Replace every 1,000 rounds for best results.

1911 SUPER TUFF RECOIL BUFFERS SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the 1911 SUPER TUFF RECOIL BUFFERS from CLASSIC PISTOL. This product is designed to enhance your shooting experience by preventing the slide from contacting the frame during recoil, thereby avoiding serious damage. It is essential to follow the safety instructions outlined in this guide to ensure safe and effective use.

General Safety Guidelines

- Always ensure that you are using the recoil buffers with compatible firearms, specifically the 1911 Auto.
- Inspect the buffers regularly for signs of wear or damage. Replace them every 1,000 rounds for optimal performance.
- Store the recoil buffers in a cool, dry place away from direct sunlight and moisture.
- Keep the product out of reach of children and vulnerable individuals to prevent accidental use or injury.
- Report any unsafe products or accidents to the appropriate authorities immediately.
- Stay informed about any recall updates via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing or replacing the recoil buffers.
- Do not use the recoil buffers with ammunition that exceeds the recommended power factor for your firearm.
- Always wear appropriate eye and ear protection when shooting.
- Be aware of your surroundings and ensure a safe shooting environment to prevent accidents.
- Do not attempt to modify the recoil buffers in any way, as this may compromise their effectiveness and safety.

Instructions for Installation and Usage

1. Preparation

- Ensure your firearm is unloaded and pointed in a safe direction.
- Gather the necessary tools, if required, for your specific guide rod type.

2. Installation

- Remove the existing recoil buffer, if applicable:
 - For fulllength guide rods, unscrew the end cap and carefully remove the old buffer.
 - For short guide rods, simply slide the old buffer off.
- Take the new 1911 SUPER TUFF RECOIL BUFFER from the package.
- Slide the new buffer onto the guide rod, ensuring it fits snugly.
- Reassemble the firearm by replacing the end cap or any other components removed during installation.

3. Usage

- After installation, conduct a function check to ensure the firearm operates correctly.
- Use the firearm as intended, following all standard safety protocols for shooting.
- Monitor the performance of the recoil buffers during use. If you notice any issues, cease use and inspect the product.

Disposal Instructions

- Dispose of used recoil buffers in accordance with local regulations for plastic waste.
- Do not dispose of the product in fire or extreme heat, as it may release harmful substances.
- If you are unsure about proper disposal methods, consult your local waste management authority.

Contact Information for Further Support

For any questions or concerns about the 1911 SUPER TUFF RECOIL BUFFERS, please refer to the product packaging for the appropriate contact information. Ensure you have the product details handy for a more efficient response.

By following these safety instructions, you can maximize the benefits of your 1911 SUPER TUFF RECOIL BUFFERS while ensuring a safe shooting experience. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
